ESTABLISHED 1898

40-42 MAIDEN LANE
ALBANY, N. Y.

Our FLOWER Shop

TABLE CENTERPIECE OF GARDENIAS AND WHITE BOUVDIA

For 35 Years. From Our Shop at 40 and 42 Maiden Lane.

we have helped hundreds and thousands of people in the Capitol District in their selections and arrangements of cut flowers and plants. An enthusiastic personnel, intensely interested in the desires of our many friends, takes real pleasure in showing the newest in flowers and plants, the latest in arrangements and uses. We are pleased to have folks come in, simply to look if they wish. We do not urge them to buy. If at some other time we can be helpful, we shall be pleased.

Come in At 40 and 42 Maiden Lane.

most conveniently located downtown. You are assured a welcome. You will always find a most complete assortment of the seasonable flowers, together with an almost bewildering array of the newer and rare plants. We shall be very happy to explain the advantages of this variety or that for any particular situation you may have in mind, or for your guidance on future occasions.

Visit Our Greenhouses and Nurseries at 774 Central Avenue.

Only a little over two miles from downtown, with ample parking space available and open every weekday, in their entirety, from 8 to 6 o'clock. See the best and the newest in the thousands of varieties, actually growing. Now, with "Rigid Economy" the watchword, a trip through the Danker Greenhouses will be most

helpful since it will disclose many ways in which the most beautiful effects can be had through the use of the most inexpensive of flowers and plants. After visiting the Greenhouses and actually seeing the extent and completeness of our organization, you will appreciate why it is possible for us to give so much for so little at the shop at 40 and 42 Maiden Lane.

Telephone Orders.

The same careful consideration is afforded those orders which come to us over the telephone as to those which are brought in personally by our patrons. We pride ourselves in this fact and suggest the telephone to those who must have flowers immediately or who are unable to take the time to come to the shop. In view of our reputation, you may rest assured that only the freshest and the best will be used in the following out of your instructions.

Flowers in Albany or Flowers in San Francisco.

We are members of the Florists Telegraph Delivery, with its international ramifications, and can deliver flowers to almost every point in the United States or Canada, in a matter of an hour or two. Bonded and guaranteed co-operation is required of all members of this Association which means for you, full value, complete satisfaction and *no additional expense except for the cost of the telegram.*

Cut Flowers

CUT FLOWERS, fresh—
colorful—delicate—the
most perfect of gifts. Nothing so splendidly, so completely nor so ECONOMICALLY expresses a mood, whether of joy, affection, respect or sorrow.

Flowers and Danker are synonymous to thousands

KOSTER'S BLUE SPRUCE

Ornamental Coniferous

EVERGREENS

WE gladly furnish all information as to how to plant and care for Evergreens, Shrubs, Trees and Perennials. Always protect roots with damp material on arrival, to keep the *wind* and *sun* from reaching same. Be careful in watering, as many a plant is killed by giving too much water, especially perennials. During a dry period, give Evergreens, Shrubs and Trees a thorough soaking once a week, after planting, for four or five weeks in succession. Let nature do the rest, but do as much cultivating as possible, especially the day after rain or the watering. Do not water as long as your soil is moist. For winter protection, especially newly planted evergreens and perennials, it is advisable to use straw manure or salt hay as a ground covering after the ground freezes, the idea being to prevent frequent thawing and freezing.

In comparing prices on Evergreens, the height alone cannot definitely establish their values. Example: Two plants of the same variety may be exactly the same in height, but in width and compactness one may greatly exceed the other, and in consequence have a greater value. When making comparisons with other stock in the market, do not compare prices only. Be sure you are buying the best strains of evergreens and other plants, true to name, properly transplanted and cultivated in our nursery to insure a good root system.

ABIES. Fir

Pyramidal trees of extreme hardiness, often attaining great height, thriving in almost any exposed situation. They are justly ranked among the most ornamental subjects available for the embellish-

ment of landscape or lawn. The leaves are usually deep green, lustrous above, and silver white beneath.

concolor (*White Fir*, or *Colorado Silver Fir*). The finest of the Rocky Mountain evergreens. A majestic tree and the most dependable Fir in cultivation. Compact, graceful growth, with broad, flat, silvery bluish-green foliage. Perfectly hardy and a rapid grower. Comes 3 to 5 in. long, green or grayish green.

	Each		Each
2 ft.....	\$2.50	3 ft.....	\$5.00
2½ ft.....	3.50	4 ft.....	7.00
5 to 6 ft. specimens . . . \$10.00 up			

PFITZER'S JUNIPER

A planting of Evergreens increases the value of a home

Douglas Fir (*Pseudotsuga Douglasi*). One of the tallest and most important of our evergreen trees, and one of the most rapid growing. It is a good, live green Winter and Summer, and is unexcelled for all purposes.

2 to 2½ ft.....	Each \$2.00	4 ft.....	Each \$4.00
3 to 3½ ft.....	3.00	Specimens 5 to 6 ft.	\$6.50 up

umbilicata. Very effective Fir, very hardy, tall and slender, with glossy, medium size, dark green foliage; silvery beneath. 2½ to 3 ft.....\$4.00

JUNIPERUS. Juniper

The Junipers form one of the most important groups of evergreens for garden and lawn planting. The upright forms make beautiful specimens, while the prostrate varieties are widely used as a ground cover. They embrace species of great hardiness and their pyramidal and columnar forms are very effective in formal gardening, giving an architectural emphasis that is often so very desirable. In our cold climate, these are about the only plants giving this "spiky" effect so much admired in Italian landscapes.

chinensis (*Chinese Juniper*). A very hardy and ornamental tree of pyramidal outline, with a pleasing grayish-green foliage, and indifferent to extremes of temperature and diversity of soil.

3 ft.....	Each \$3.00	4 ft.....	Each \$4.50
5 ft.....	\$7.00		

chinensis, var. columnaris (New). The best upright Juniper; very hardy. Foliage bluish-green, a good bright color during Winter.

2 to 2½ ft.....	Each \$2.00	6 ft.....	Each \$8.00
3 ft.....	3.00	7 to 10 ft. bushy speci-	
4 ft.....	5.00	mens.....	\$10.00 up
5 ft.....	6.50		

chinensis Pfitzeriana (*Pfitzer's Juniper*). A splendid Juniper of broad, spreading upright growth, with dark green, plume-like branches. Very hardy and one of the most effective evergreens.

1½ ft. spread.....	Each \$1.00	4 ft. spread.....	Each \$5.50
2 ft. spread.....	2.00	5 to 6 ft. spread.....	\$7.50 up
3 ft. spread.....	4.00		

communis canadensis (*Alpine Juniper*). A low-growing and spreading variety, hardy and very attractive. Silvery foliage, very showy.

1 to 1½ ft. spread....	Each \$1.00	2 to 2½ ft. spread....	Each \$2.50
3 to 4 ft.....	\$5.00		

communis hibernica (*Irish Juniper*). Very slender, columnar growth, with numerous upright branches. Very formal in outline and invaluable in Italian style gardens. Foliage bluish-green.

2 ft.....	Each \$1.00	3 ft.....	Each \$2.00
2½ ft.....	1.50	4 ft.....	3.00

excelsa stricta. A good variety, conical in form, with grayish green glaucous foliage. Holds its color throughout the year.

1 to 1½ ft.....	Each \$1.50	2 ft.....	Each \$2.50
3 ft.....	\$4.00		

japonica aurea (*Golden Japanese Juniper*). A bright golden form of a spreading habit. Excellent for the rock garden.

1 to 1½ ft.....	Each \$3.00	2 to 2½ ft.....	Each \$4.50
-----------------	-------------	-----------------	-------------

Sabina (*Savin Juniper*). An upright, spreading evergreen thriving in poor soil, foliage dense, very dark green, excellent for foundation planting; small sizes suitable for rockery.

1 to 1½ ft.....	Each \$1.00	2 to 2½ ft.....	Each \$3.00
1½ to 2 ft.....	2.00	2½ to 3 ft.....	4.00

JUNIPERUS COLUMNARIS

Sabina tamariscifolia (*Tamarisk-leaved Savin Juniper*). A beautiful trailing Juniper for rockwork and borders. Dark green feathery-like foliage.

1½ ft. spread.....	Each \$1.00	1½-2 ft. spread.....	Each \$2.00
--------------------	-------------	----------------------	-------------

virginiana elegantissima *lee*. A golden variegated variety of the virginiana; the foliage keeps a very attractive golden color Winter and Summer.

3 ft.....	Each \$5.00	4 ft.....	Each \$7.50
-----------	-------------	-----------	-------------

virginia cannarti (*Cannart Cedar*). An absolutely hardy tree, having deep, rich green, heavily tufted foliage. If left untrimmed, the growth is more or less open but none the less pleasing.

3 ft.....	Each \$2.50	5 ft.....	Each \$4.50
4 ft.....	3.75	6 ft.....	6.00
Specimen trees....\$7.50 up			

virginiana schottii (*Schoff's Juniper*). Dense and compact in growth, with pyramidal form of the red Cedar, foliage deep green. A beautiful specimen for a background for evergreen clumps.

3 ft.....	Each \$2.50	5 ft.....	Each \$4.50
4 ft.....	3.75	6 ft.....	6.00
Specimen trees....\$7.50 up			

virginiana glauca (*Blue Virginia Cedar*). A very beautiful vigorous growing variety, with glaucous blue foliage all the year round.

3 ft.....	Each \$2.50	5 ft.....	Each \$4.50
4 ft.....	3.75	6 ft.....	7.50
Specimen trees....\$10.00 up			

Our quality invites comparison of prices

PICEA. Spruce

Spruces are unsurpassed for their ornamental qualities. They are conical or pyramidal evergreens, of great hardiness and usefulness. Splendid for park planting or as lawn specimens, and when placed among other evergreen planting, form a most pleasing contrast. The loftiness and stately spire-like crowns of the Spruces lend a peculiar charm to the landscape. The dwarf forms are valuable subjects for bordering the taller evergreens, also suitable for rock gardens.

albertiana conica glauca. This interesting and dwarf slow growing Spruce was found in 1904 near Banff, Canada, by Professor Jack of the Arnold Arboretum; it is conical, very dense in habit and a gem for the rock garden.

Each		Each	
1 ft.....	\$3.00	2 ft.....	\$5.00

Engelmanni (Engelmann's Spruce). A choice and valuable Rocky Mountain tree, of dense, pyramidal growth. The young branches are pubescent and clothed with bluish-green foliage, which emits a strong, aromatic odor if bruised. Cones light brown, 2 to 3 in. long. This variety is native to the Rocky Mountains from Alberta and British Columbia to Colorado and New Mexico. Hardy in almost all parts of the country.

Each		Each	
2½ to 3 ft.....	\$3.00	3½ to 4 ft.....	\$4.00
5 ft.....		\$6.00	

excelsa (Norway Spruce). A tall and picturesque tree of many variations and the most widely cultivated of all the Spruces. As an individual tree, with room to develop, is of pyramidal symmetrical growth, its lower branches sweeping the ground.

Each		Each	
1 to 1½ ft.....	\$.50	3 ft.....	\$2.00
2 ft.....	1.00	4 ft.....	3.50

pungens (Colorado Spruce). A very hardy and fine tree from the Rocky Mountains. The branches are set in regular whorls which diminish in size as they near the top, forming a very symmetrical, pyramidal tree of conical outlines. Leaves glaucous green, rigid and sharp-pointed.

Each		Each	
2 ft.....	\$2.00	4 ft.....	\$6.00
3 ft.....	4.00	5 ft.....	7.50

Specimens.....\$10.00 up

A WELL KEPT FOUNDATION PLANTING OF EVERGREENS

pungens glauca (Colorado Blue Spruce). One of the most attractive evergreens cultivated, entirely hardy; has the same good qualities as the one above but the leaves are of an elegant, glaucous blue tint. Will succeed in locations where many evergreens fail.

Each		Each	
2 to 2½ ft.....	\$3.50	4 ft.....	\$ 8.00
3 to 3½ ft.....	5.00	5 ft.....	10.00

Specimens.....\$12.00 up

pungens glauca Kosteri (Koster's Blue Spruce). The Blue Spruce of Colorado, greatly improved. An indispensable addition to every estate. The attractive silvery blue color stands out strongly against the green of all other shrubbery and evergreen. A healthy, vigorous grower and very hardy. A handsome blue Spruce on your lawn is a good investment, increasing in value each year. This is one of our specialties of which we have a large stock in various sizes. Present day prices are very low.

Each		Each	
1½ ft.....	\$4.00	3 ft.....	\$ 7.50
2 ft.....	5.00	4 ft.....	12.00
5 ft.....		\$15.00	

PINUS. The Pines

Pines are natives of lowlands and mountainous regions and withstand well the cold, bleak winds to which they are subjected. The tall growing varieties are among the most ornamental trees, both for planting as a background in landscape gardening or as single specimen. Their appearance makes them remarkably distinct characters. The dwarf forms are very valuable for landscape, rockery and hillside planting.

austriaca (Austrian Pine). A tall, massive tree, with spreading branches heavily plumed with long, stiff, dark green needles.

Each		Each	
3 ft.....	\$3.00	4 ft.....	\$4.00
5 ft.....		\$6.00	

embra (Swiss Stone Pine). A distinct, dwarf, pyramidal type, resembling somewhat the White Pine, but its needles are not so long and it is a much better lawn tree. Foliage very dark green. Makes an excellent tree, adding a touch of very attractive color to the Winter landscape.

Each		Each	
3 ft.....	\$7.50	4 ft.....	\$10.00

mughus (Dwarf Mugho). One of the best dwarf evergreens for rocky banks, terrace slopes, small lawns, and very effective when grown at the corners of entrances, either single or in company with other evergreens. It is broader than its height and sometimes almost prostrate.

Each		Each	
1 ft. spread.....	\$1.00		
1½ to 2 ft. spread.....	2.00		
2 to 2½ ft. spread.....	3.00		

resinosa (Red Pine).

Each		Each	
3 ft.....	\$2.50	4 ft.....	\$3.50
5 ft.....		\$5.00	

strobus (White Pine). This Pine grows quickly and makes a most useful and beautiful ornamental tree. For specimen groups or mass planting it is extensively used, as well as for shade and shelter belts. The needles are soft and bluish-green.

Each		Each	
2 to 3 ft.....	\$1.50	3½ ft.....	\$3.00
4 to 5 ft.....		\$5.00	

Sheared specimens 5 to 6 ft. \$8.00, 7 ft. \$15.00

Our Evergreens are root pruned frequently and transplant safely

syvestris (*Scotch Pine*). A strong grower, with spreading branches and short, stiff, bluish-green needles.

3 ft.....	Each \$3.00	4 ft.....	Each \$4.00
5 ft.....	\$6.00		

Tanyosha (*Japanese Table Pine*).

2 ft.....	\$3.00	3 ft.....	\$5.00
-----------	--------	-----------	--------

RETINOSPORA. Japanese Cedar

One of the most beautiful and popular evergreens on account of its soft, plummy foliage and splendid habit. Particularly good for foundation plantings.

R. pisifera aurea.

2 ft.....	Each \$1.00	4 ft.....	Each \$3.50
3 ft.....	2.25	5 ft.....	4.50
Specimens, 6 to 10 ft., \$7.50 and up			

R. pisifera (*Sawara Cypress*).

3 ft.....	\$2.25	5 ft.....	\$4.50
4 ft.....	3.50	6 ft.....	7.50

R. filifera. Thread-like, drooping habit.

3 ft.....	\$3.50	4 ft.....	\$5.00
Bushy specimens, \$10.00 up			

R. plumosa.

2 ft.....	\$1.00	4 ft.....	\$3.50
3 ft.....	2.25	5 ft.....	4.50
6 ft.....	\$7.50		

R. plumosa aurea.

2 ft.....	\$1.00	4 ft.....	\$3.50
3 ft.....	2.25	5 ft.....	4.50
6 ft.....	\$7.50		

FOR WINTER DECORATIONS

After Summer flowering plants have been killed by frost, fill your window boxes, tubs and jars with our Evergreens, grown especially for that purpose. Nursery-grown Evergreens with good roots keep their color throughout the Winter.

Norway Spruce, for tubs, jars and window boxes.....35c and up

Junipers and Arborvitae.....50c and up

Also a large assortment of other suitable evergreens for tubs and jars. \$1.50, \$2.00, \$3.00, including tubs.

Balsam boughs and Winterberries, in season.

SCIADOPITYS VERTICILLATA

(*Japanese Umbrella Pine*)

The odd foliage is arranged in whorls of fifteen to thirty long, narrow needles of lustrous, deep green color. A rare tree and a gem in any collection. Limited quantity only.

2½ to 3 ft.....	Each \$7.50 up
-----------------	----------------

TAXUS. Yew

The Yews are very desirable evergreens, they are highly effective and ornamental in bed, group or specimen planting. Their blackish-green foliage makes a fine contrast with the other evergreens, they withstand clipping and are therefore well suited for producing formal effects.

cuspidata brevifolia (*Japanese Yew*). A dwarf evergreen of spreading form, foliage is very dark. Altogether a handsome and most attractive plant.

1 ft. spread.....	Each \$2.00	1½ ft. spread.....	Each \$3.00
2 ft. spread.....	\$5.00		

cuspidata. A handsome, spreading Yew which is hardy in any situation.

1 ft. spread.....	\$1.50	2 ft. spread.....	\$3.50
1½ ft. spread.....	2.50	2½ ft. spread.....	5.00
3 ft. spread.....	\$7.00		

cuspidata capitata. Much like the foregoing, but instead of being bush-like, carries a center leader. Perfectly hardy and should be found in every evergreen planting.

1 ft.....	\$1.75	2 ft.....	\$3.50
1½ ft.....	2.50	3 ft.....	6.00

RETINOSPORA PLUMOSA

Evergreens Make Beautiful Hedges

Varieties best adapted for this use are:

Arborvitae	Douglas Fir	Hemlock
Spruce	Taxus (Yew)	

PINUS MUGHIUS

Plant more Taxus — they are the aristocrats of the Evergreen family

THUJA. Arborvitae

A group of useful, hardy evergreens of varied forms; especially desirable for formal gardening as they can easily be clipped to any shape and for this reason are almost indispensable. Their clean, neat, compact appearance makes them useful in grouping, bedding, bordering and formal gardening, for cemetery and lawn specimens, for hedges, screens, window boxes, vases and house decorations.

Douglasi spiralis. A very distinctive form resembling somewhat the well known pyramidalis. Could be used to good advantage in formal plantings.

	Each		Each
2 ft.....	\$2.00	3 ft.....	\$3.75
4 ft.....	\$5.00		

occidentalis (Common American Arborvitae). The well-known screen and hedge plant. Grows naturally to a tree 40 ft. tall, but can be kept down to any size by shearing.

2 ft.....	\$1.00	5 ft.....	\$3.75
3 ft.....	1.50	6 ft.....	5.00
4 ft.....	2.50	7 ft. and over.	\$7.00 up

Special price on quantity for hedging

occidentalis globosa. Round form. Much used for window boxes and low plantings.

12 to 15 in.....	\$0.75	15 to 18 in.....	\$1.00
1½ to 2 ft.....	\$1.75		

occidentalis lutea (Golden Arborvitae). Growth much like the occidentalis. Foliage is of an attractive yellow hue.

2 ft.....	\$2.00	3 ft.....	\$3.00
-----------	--------	-----------	--------

occidentalis pyramidalis. The hardiest of the pyramidal Arborvitae and should be used extensively. The best variety for formal plantings.

2 to 2½ ft.....	\$1.25	3 to 4 ft.....	\$2.50
2½ to 3 ft.....	2.00	4 to 5 ft.....	3.75
		5 to 6 ft.....	\$5.00

THUJA OCCIDENTALIS PYRAMIDALIS

occidentalis sibirica. Grows very compact and low, much like a dwarf. The foliage is of a dark rich green. Very hardy and is one of the best evergreens for entrances and grouping.

	Each		Each
1 ft.....	\$0.75	2½ ft.....	\$2.50
2 ft.....	1.50	3 ft.....	4.00

rosenthali (Thuja pyramidalis Rosenthali). One of the newer varieties of pyramidal form. This evergreen grows more compact than other Thujas and the leaves are darker green. A beautiful and graceful tree.

2 ft.....	\$3.00	2½ ft.....	\$4.50
-----------	--------	------------	--------

TAXUS (YEW) A rugged and graceful evergreen

TAXUS CUSPIDATA CAPITATA
(The Upright Yew)
Showing Berries

TSUGA. Hemlock Spruce

canadensis. One of the evergreens for planting in shady places and where it will find a little protection. Prefers moist soil, and grows rapidly after it gets established. A graceful tree, with loose, open growth, and Yew-like foliage. It is kept in dense form by pruning in our nursery.

	Each		Each
2 ft.....	\$1.50	4 ft.....	\$4.50
3 ft.....	3.00	5 ft.....	6.00

Tsuga caroliniana (Carolina Hemlock)

With dark, dense, tufted foliage on pendulous branches, makes a very beautiful specimen.

	Each
4 to 5 ft.....	\$5.00

HYBRID RHODODENDRONS

The most handsome and effective of the broadleaved evergreens. These beautiful flowering evergreen shrubs bearing great clusters of blooms, appeal to everyone. They can be grown with great success in this climate by planting them in sheltered positions and supplying a liberal amount of leafmold or peat to assure the necessary acid condition of soil. Directions for the planting and care of Rhododendrons and Azaleas will be gladly supplied.

Album Elegans. White.

America. Dark red.

Everestianum. Rosy-pink.

Mrs. C. S. Sargent. Deep rose.

President Lincoln. Lavender-pink.

Roseum Elegans. Rosy-purple.

3 to 4 year plants, \$4.00 each

Evergreens are beautiful Summer and Winter

OUTSTANDING NATIVE RHODODENDRONS

Rhododendron catawbiense. Rosy-lavender.

Rhododendron carolinianum. Lavender-pink.

Strong heavy clumps \$3.50 to \$5.00 each

KALMIA LATIFOLIA Mountain Laurel

Extra heavy clumps, \$1.50, \$2.00, \$3.00

EUONYMUS

The trailing varieties of *Euonymus* are particularly desirable for their dense evergreen foliage and extreme hardiness. Some varieties are splendid as ground coverings but those of more vigorous growth may be used like Ivy for covering walls.

Euonymus radicans acutus. A strong-growing variety with long, narrow, dark green leaves veined with gray. Excellent as a ground cover.

Euonymus radicans coloratus. Same as above but with the leaves tinted purplish red particularly on the underside.

Euonymus radicans variegatus. A beautiful small-leaved green and white variegated form.

Euonymus radicans vegetus (*Evergreen Bittersweet*). A strong growing variety, with larger leaves than the type. As an absolutely hardy evergreen wall cover this plant is unequaled.

Any of the above varieties:

35c each; \$3.50 per doz; \$25.00 per 100.

Prices for large specimens on application.

DAPHNE CNEORUM

DAPHNE CNEORUM (Garland Flower)

One of the choicest garden and rockery plants grown; sweet scented, pink flowers.

Strong plants 75c, \$1.00, \$1.50, \$2.00, according to size.

PACHYSANDRA TERMINALIS

(*Japanese Spurge*). An indispensable evergreen ground cover for shady locations. Grows 6 to 8 inches high. 20c each, \$2.00 per doz., \$12.00 per hundred.

HEMLOCKS AS A SETTING FOR THE
ROSE GARDEN

RHODODENDRON CATAWBIENSE

Plant Pachysandra in shady places where grass will not grow

FLOWERING CRABAPPLE

Deciduous TREES

WHETHER for beautifying your country estate, screening some objectionable object, for shade in your dooryard, for wind-breaks, for real estate investment, or for the sake of others, plant trees. We carry a large assortment of deciduous trees, especially suitable for Albany or vicinity, street and ornamental planting. All our trees are finely shaped, well rooted, and have been transplanted one or more times. With our modern tree moving equipment we are now able to furnish and plant trees up to 12-inch caliper of trunk, and evergreens 15-18 feet tall with a good ball of roots and earth. We will gladly quote you prices on the moving of trees on your own grounds.

ACER. Maple

Acer dasycarpum *Wieri laciniatum* (*Wier's Cut-Leaf Maple*).
8 to 10 ft., \$1.50 to \$2.50 each.

A. dasycarpum (*Silver Maple*).

Each	Each
1½ to 2 in. caliper . . . \$2.00	2 to 2½ in. caliper . . . \$4.00
Large transplanted trees, 4, 5 to 6 in. Price on application.	

<i>A. platanoides</i> (<i>Norway Maple</i>).	10 to 15 ft. high.
1 to 1½ in. caliper . . . \$2.50	3 in. caliper . . . \$10.00
1½ to 2 in. caliper . . . 4.00	3½ in. caliper . . . 15.00
2½ in. caliper . . . 6.00	4 in. caliper . . . 20.00

Acer Schwedleri (*Red-leaf Norway*).
1 to 1½ in. \$3.50 | 2 in. \$5.00
2½ in. \$7.50
Also some larger sizes

All above are 10 to 15 ft. high; measurement in inches is caliper of tree. All have been well spaced and pruned.

MAGNOLIA SOULANGEANA

A. saccharum (*Sugar Maple*).

Each	Each
1 to 1½ in. caliper . . . \$3.00	2 in. caliper . . . \$4.00
2½ in. caliper . . . \$6.00	

A. tataricum ginnala (*Tatarian Maple*). Suitable for hedge planting. Beautiful red Fall color. 4 to 5 ft., bushy . . . \$1.00

BETULA. Birch

Betula alba laciniata (*Cut-Leaf Birch*). 6 to 8 ft. \$2.50
Betula (*Paper Birch*). 8 to 10 ft. 3.50

CATALPA

Catalpa bungei. Has compact, globular head, 5 to 6 ft. stem.
2 year head, \$1.50; 3 year head, \$2.50; 4 year head, \$5.00.

MAGNOLIA

Magnolia soulangeana. Light pink.
3 ft. \$5.00 | 4 to 5 ft. \$10.00
Magnolia soulangeana Nigra. Reddish pink.
4 to 5 ft. \$8.00 | 6 ft. \$10.00

MALUS

Malus, Bechtel's Flowering Crab, 3 to 4 ft. . \$1.00, \$1.50, \$2.00
M. parkmani, *scheideckeri*, *sargentii*, and many other varieties \$1.00, \$2.00, \$3.00

MORUS. Mulberry

Morus alba, var. *tatarica pendula* (*Weeping Mulberry*).
5 to 6 ft. stem, 4 year heads \$3.00

POPULUS. Poplar

Populus fastigiata (*Lombardy Poplar*) 50c, \$1.00, \$1.50
P. monilifera (*Carolina Poplar*) . . . 50c, \$1.00, \$1.50, \$2.50 up

QUERCUS. Oak

Quercus palustris (*Pin Oak*), 8 to 10 ft. \$3.00, \$5.00, \$8.00

SALISBURIA. Ginkgo, or Maidenhair Tree

Salisburia adiantifolia, 10 to 12 ft. \$5.00 and up

SALIX. Willow

Salix aurea (*Golden Willow*). Golden yellow branches, 10 to 12 ft. \$2.00
S. Babylonica (*Weeping Willow*). 6 to 8 ft. 2.00
8 to 10 ft. 4.00

TILIA. Linden

Tilia americana (*American Linden*) . . . \$5.00 to \$10.00 and up
T. tomentosa (*Silver Linden*) 5.00 to 10.00 and up

ULMUS. ELM

Ulmus americana (*American Elm*) \$3.00 and up
U. pumila (*Chinese Elm*) 1¼ to 1½ in. caliper \$2.00
1¾ to 2 in. caliper 3.50 up

Price of a large specimen of shade tree on application

Hardy Climbing VINES

AMERICAN BITTERSWEET (*Celastrus scandens*)

A necessary climbing vine having a dense and very rapid growth, much prized for its orange scarlet berries which are extensively used for decorating. 50c each, \$5.00 per doz. Larger Vines, 3 yrs., \$1.00 each, \$10.00 per doz.

AMPELOPSIS VEITCHI (Boston or Japan Ivy)

The most popular and desirable climbing plant for covering brick, stone, or wooden walls, trees, etc.

The foliage is of a rich olive green during the Summer, changing to various shades of bright crimson and scarlet in the Fall. 2 yr., 35c each, \$3.50 per doz. Large Plants, 50c each, \$5.00 per doz.

Ampelopsis quinquefolia (Virginia Creeper, or American Ivy)

This well known Climber is one of the best and quickest growing varieties for covering trees, trellises, arbors, etc.; its large, deep green foliage assumes brilliant shades of yellow, crimson and scarlet in the Fall.

POLYGONUM AUBERTI

ARISTOLOCHIA SIPHIO (Dutchmans-pipe vine)

A vigorous and rapid growing climber, bearing singular brownish colored flowers, resembling in shape a pipe. Its flowers, however, are of little value compared to its fine, light green leaves which are of very large size and retain their color from early Spring to late Fall; perfectly hardy. Extra strong plants, 75c and \$1.00.

CLEMATIS

As a climber for the veranda, garden walls, fences or arbors, it has no rival among the strong growing blossoming vines. The Clematis should be grown in rich, deep sandy loam and well mulched for the Winter.

	Each
<i>Paniculata</i> . Pure white and fragrant.....	\$0.35
<i>Jackmani</i> . The popular purple variety.....	.75
<i>Henryi</i> . Large creamy white.....	.75
<i>Ramona</i> . Light blue.....	.75

BIGNONIA

Trumpet creeper (B. radicans). Vigorous, rapid growing vine having large, orange scarlet, tubular flowers in July and August.....

Each \$0.50

ENGLISH IVY

	Each
3 in. pots.....	\$0.25
4 in. pots.....	.50
5 and 6 in. pots.....	.75c to 1.00

EUONYMUS RADICANS VEGETA (Evergreen Bittersweet)

Suitable for covering low stone walls to take the place of English Ivy in the north; very hardy, with fruit similar to Bittersweet berries. Strong vines, 35c, 50c to \$1.50.

LONICERA (Honeysuckle)

	Each
<i>Halliana</i> , 2 year.....	\$0.35
<i>Sempervirens Magnifica</i> (New). Brilliant everblooming climbing honeysuckle. Intense orange glowing scarlet. 50c each,	
\$5.00 per doz.	

LYCIUM CHINENSE (Matrimony-vine)

A graceful, shrublike vine with small lavender flowers followed by red berries; especially good for planting on banks and terraces. 35c each, \$3.50 per doz.

POLYGONUM AUBERTI (Silver Lace Vine)

Producing through the summer and fall, great foamy sprays of white flowers. Strong plants, 50c each, \$5.00 per doz.

VINCA MINOR (Periwinkle, or Trailing Myrtle)

Useful for covering graves, or growing in shady places under trees.

	Each	Doz.
3 in. pots.....	\$0.15	\$1.50
4 in. pots.....	.25	2.50

WISTERIA

Our Wisteria are grown from grafts taken from blooming vines, and can be depended on to produce plenty of flowers.

Purple. One of the best hardy climbers, producing their great trusses of flowers in abundance during the month of May. They should be liberally fed when first planted to Each give them a vigorous start..... \$1.00
Larger Vines..... \$1.50, \$2.00, \$3.00

Our climbing vines are pot grown extra strong plants which will become established quickly

Some of the thousands of Danker Evergreens growing on our nurseries at 774 Central Avenue, Albany, N. Y. This photograph was taken late in 1933. Constant attention, clean cultivation, frequent transplanting and ideal conditions of soil, produce the rugged trees, here pictured, which can be moved to your grounds with no damage whatsoever and with no resulting check in growth.

NURSERY DEPARTMENT

PEOPLE come to Danker's and then come again and again because they find honest values, thrifty material—satisfaction. In our recommendations, only those varieties adaptable to our particular climatic conditions are suggested. We are growing only such stock as has been proven practical in this locality. It is growing under ideal conditions both as to soil conditions and supervision. Frequent transplantings are effected to insure good root systems. This constant inspection and care means vigorous plants, free from destructive diseases and insects, which will give you years of increasing pleasure.

In this connection it is only fair to you and to ourselves to remind you that, as a result of the depression, there is a great deal of "distress" nursery stock on the market. By this we mean overgrown, untransplanted, uncared for stock which is, as a result, of inferior quality. We have been fortunate in that we have been able to take good care of our material during the past

few years. As a result our stock is in excellent condition and of its usual high quality. And our prices are lower than ever.

We have made radical reductions in prices. These, we hope to maintain during the remainder of this year, though with the return of prosperity costs must inevitably rise. We reserve the right to advance prices should costs increase as a result of the adoption of a proposed Nurserymen's Code drawn under the Agricultural Adjustment Act.

Consider your grounds, in the same way that you consider your living room. They should be attractive and harmonious and most of all, comfortable. We will be very glad to talk to you about them or we will submit complete plans for beautifying your home. Visit our nurseries where you can see the splendid quality of the material we are growing. If this is not convenient then a letter or a telephone call (Albany 2-4435) will bring one of our representatives to your assistance.

We are proud of our nurseries and hope you will visit them

Big Trees Can Now Be Moved

**EASILY AND QUICKLY WITH SAFETY,
WITH OUR NEW AUTOMOTIVE
TREE MOVING EQUIPMENT**

It is no longer necessary to wait for small trees to grow, in order to produce the desired effect or shade. We have added to our equipment a Tree Moving Machine, (illustrated) for the handling of large and heavy trees. If you are interested in changing large trees up to 12 inch caliper on your property to more desirable and effective locations, or if you desire to purchase such trees, for the purpose of adding beauty and impressiveness to your premises, we are now fully equipped to do this work reasonably for you with comparative safety and little check in growth.

We will be pleased to offer suggestions, and estimates, on this new and economical method of handling large trees, or specimen evergreens.

J. H. HALE

FRUIT *Department*

WE are prepared to plan and lay out fruit gardens, making selections of varieties and number of plants necessary for a supply of fresh fruit for family use, and give special prices. Place your orders for fruit trees early.

SUMMER APPLES

Red Astrachan. Large, nearly covered with deep crimson; juicy and tart.

Yellow Transparent. Pale yellow when ripe; flesh tender, juicy, sub-acid; a free grower and early bearer.

AUTUMN APPLES

Duchess. Skin yellow streaked with red. Flesh juicy and good. Strong grower and abundant bearer.

Fall Pippin. Large, roundish oblong; yellow; flesh tender, rich and delicious. October to December.

Wealthy. Medium deep red, juicy, fine quality, productive. October.

WINTER APPLES

Baldwin. Large, bright red, crisp, juicy and rich; very productive.

Delicious. Large, bright red, highest quality.

Northern Spy. Pale yellow, striped with red, good keeper, excellent flavor; grows best in cold climates.

McIntosh. Early Winter Apple. One of the best and most beautiful dessert Apples.

CRAB APPLE

Hyslop. Large, deep crimson; very popular. October.

CHERRIES

Black Tartarian. Sweet, very large, bright purplish black, tender, juicy, and of rich flavor.

Montmorency. Large, red, very productive, best for preserving. Early July.

Schmidt's Bigarreau. Sweet, large, dark red fruit, strong grower.

Yellow Spanish. Late June. Yellow with red cheek; firm, juicy and delicious. The most popular of all light colored Cherries.

All above Trees, 75c each, \$7.50 per doz.

Danker Fruit Trees are larger and better formed than those offered by most nurseries

PEARS

Bartlett. Summer Pear. Buttery, very juicy and high flavored; bears early and abundantly. September.

Beurre d'Anjou. Large, handsome, greenish yellow flushed with crimson.

Clapp's Favorite. Summer Pear. Very large, yellowish and melting; flushed red on sunny side. September.

Flemish Beauty. Fall Pear. Large, sweet and good. Grown largely throughout the North.

Worden Seckel. An improved Seckel golden yellow, bright crimson cheek.

Seckel. Autumn Pear. Small yellowish brown; flesh very fine grained, sweet, exceedingly juicy, buttery.

Trees, 75c each, \$7.50 per doz.

Large bearing size fruit trees, 4 yr. old trees, \$2.00 and up.

PLUMS

Abundance. Amber; flesh yellow; juicy, tender, sweet; productive. September.

Burbank. Large, clear cherry red; an abundant bearer. September.

Lombard. Medium size; oval, violet red, flesh yellow; vigorous, great bearer. September.

Trees, 75c each, \$7.50 per doz.

QUINCE

The Quince crop is usually reliable and not often destroyed by capricious weather variations. Very much desired for preserves, jellies and canning. Fruits quite fragrant and the trees and bloom highly ornamental. **Each 75c, doz. \$7.50.**

PEACHES

Hale, J. H. (New Yellow). Fruit large, globular. Flesh deep yellow, fine-grained, firm, tender and flavor delicious.

Crawford's Early. Fruit large, oblong; skin yellow, red cheek; flesh deep yellow, juicy.

Elberta. Large yellow with red cheek, flesh yellow and of delicious flavor.

Rochester. Greatest early Freestone long-keeping, yellow Peach. Good shipper. Very hardy, quality superior.

Trees, 50c each, \$5.00 per doz.

GRAPES

Agawam. Dark red or maroon; bunches compact, very large; berries large, flavor sweet and aromatic. Ripens early. One of the best of the red varieties.

Caco (Catawba Concord). Perfect hardy. Equals the finest

hothouse product in quality; large, red berries; ripens before Concord. 2 yr. vine. 50c each, \$5.00 doz.

Concord. Black and handsome large Grapes; a very hardy, reliable and productive variety, succeeding everywhere.

Moore's Diamond. Greenish white with rich yellow tinge. 25c each, \$2.50 doz.

Niagara. White. Vine hardy and strong grower; bunches very large and compact, many weighing 14 ounces, sometimes more; berries large, skin thin but tough. The most popular white Grape.

Grapes, 2- and 3-years, 25c each, \$2.50 doz., except where noted.

RASPBERRIES

Columbian. Purple. A very vigorous grower and very hardy. Delicious for table or canning.

Cumberland. Black. The bush is hardy, a vigorous grower and exceptionally productive. Fruit of uniform size and larger than any known black Raspberry.

Latham. A new red Raspberry that has proved to be the best in competition with all others.

St. Regis. Red. Raspberries for four months. An everbearing variety. Raspberries of the very highest grade, brilliant crimson, firm. This has been aptly termed the "early-till-late" variety, for it is the first red Raspberry to give ripe fruit, while it continues to produce berries without intermission until late in October.

75c doz., \$5.00 per 100, except where noted

BLACKBERRIES

Snyder Blackberries.

75c doz., \$5.00 per 100

STRAWBERRY PLANTS

Mastodon. Supreme ever-bearing strawberry. Large berries, fine quality. **75c doz., \$2.50 per 100.**

Blakemore. Early.

Bun Special. Midseason.

Early Jersey Giant. Extra early.

50c doz., \$2.00 per 100

We have large, bearing size fruit trees in the nursery for those who wish immediate results. These are priced from \$2.00 upward.

USE CULTIVATED HYPER HUMUS

The Ideal Soil Enricher for Lawn and Garden

HERE at last is a perfectly balanced soil ration that unfailingly produces both immediate and long enduring fertility. No odor. A small percentage of weed seeds. No contagious disease germs. This cannot be said of unsterilized manures.

It gives the proper tilth to the soil. It loosens up compact ones and binds together loose ones. Defying dry weather, it acts as a soil moistening sponge. Prevents soluble plant foods from leaching away before benefiting the roots.

Cultivated Hyper-Humus is prepared by turning under green cover crops such as Soy Beans and Hairy Vetch, the same as the farmer prepares his soil. No other commercial humus is prepared like this. No plant or shrub flourishes and blooms at its best, except in a congenial soil.

It is also liberally inoculated with bacteria for the legumes, such as Alfalfa, Clovers, Peas, Beans and the like.

Humus is cheap to buy, easy to use, gives quick results the first season, and continues its benefits the next.

It is slightly acid, dry and finely granulated.

Don't confuse it with the unprepared, often sour, water-logged humus sold under various names.

Assorted	\$1.00	\$6.00
Danker's Extra Assorted	.75	4.00
Danker's No. 1 Assorted	.50	3.00

Our assorted Gladiolus bulbs are made up of named varieties only. All Gladiolus bulbs will be large blooming size, producing one and two spikes.

Gladiolus are one of the most satisfactory flowers to grow. No other flower gives so much for so little effort. Gladiolus hold an ever increasing interest, not only for their rainbow splendor, but also for their long lasting qualities as cut flowers.

FREE FLOWERING CANNAS

Mrs. Alfred Conard. One of the very best Cannas in commerce today. The large, exquisitely shaded salmon-pink flowers are produced in great abundance on robust, upright stalks. 4 feet. Each 20c, doz. \$2.00, 100 \$15.00.

King Humbert. The most popular of all Cannas. Great orange-scarlet flowers surmount beautiful coppery-bronze foliage. Each 20c, doz. \$2.00, 100 \$15.00.

(1 each of above 6 varieties \$1.00)

The Ambassador. Like President in color, but with bronze foliage; vigorous and free flowering. Each 20c, doz. \$2.00, 100 \$15.00.

The President. The best red. Immense florets of bright red color enhanced by extraordinary vigor and perfect, healthy foliage. It grows to a height of 5 feet and produces its immense trusses of florets in great profusion. The most sensational introduction of recent years. Each 20c, doz. \$2.00, 100 \$15.00.

Yellow King Humbert (Queen Helen). Identical with King Humbert in habit of growth, but has yellow flowers and green foliage. 5 ft. Each 20c, doz. \$2.00, 100 \$15.00.

Plant Gladiolus Bulbs every ten days up to July 1st for a succession of cut blooms

CLIMBING AMERICAN BEAUTY

BLAZE—New Climbing Rose

The new, hardy, everblooming scarlet climber. Awarded United States Plant Patent No. 10. A marvelous new hardy climbing rose which inherits the blazing color of the well known Paul's Scarlet Climber and the ever-blooming habit of Gruss an Teplitz, thus combining the most attractive features of both of its parents. It is a healthy, vigorous grower and its introducer predicts for it enormous popularity. Strong two year plants \$2.00 each

Paul's Scarlet Climber. A most desirable climbing Rose; vivid scarlet, retaining its color through the season. No other climbing Rose can compare with this for brilliancy of color and lasting qualities. Perfectly hardy. 75c and \$7.50.

Silver Moon. Large, white, semi-double flowers, different from all other climbers. Each Doz. \$0.75 \$7.50

Tausendschoen (Thousand Beauties). Delicate pink; large flowering type. 75c 7.50

White Dorothy Perkins. Same growth as Pink Dorothy and just as profuse in bloom. 50c 5.00

MME. GREGOIRE STAECHELIN. The first climbing Rose to which a gold medal was awarded at the international test garden for Roses at Bagatelle, Paris, France. The long-pointed buds are crimson at first, outer petals show splashes of carmine. 75c each.

CLIMBING YELLOW RAMBLER PRIMROSE. Claimed by the introducer a yellow that remains yellow. 75c each.

THE NEW DAWN (The Everblooming Dr. Van Fleet). A sport of Dr. Van Fleet. Identical in every way with its parent in size, formation and color, and claimed by the introducer as everblooming. Patent No. 1—The first patent issued Aug. 13, 1931 under the new Patent Law, has been granted to the originators of the New Dawn Rose, giving them the sole right for the propagation of this desirable new variety. \$1.50 each.

NEW CLIMBER, CHAPLIN'S PINK. A valuable companion to Paul's Scarlet and Dr. Van Fleet; large flowered pink, cross between Paul's Scarlet and American Pillar. Strong grower, size and form of Paul's Scarlet. Winner of National Rose Society of England Gold Medal. 2 year plants 75c each.

New Yellow Golden Climber Rose MRS. ARTHUR CURTISS JAMES

U. S. Patent No. 28

This new rose is a true golden yellow and claimed by the introducer to be a plant that does not bloom itself out in a short outburst but the buds continue to appear and bloom in succession for a long season. It is the first true golden yellow with quality blooms able to withstand sub-zero temperatures. The petals are gracefully ruffled and beautifully crinkled, delightfully fragrant, of extreme vigor with handsome foliage and of rapid growth. \$2.00 each.

Strong two year plants

Hardy

CLIMBING ROSES

All the following Roses are No. 1 extra select, with strong, healthy canes, potted and showing sprouts and new growths and are not to be compared with small grades in dormant condition.

	Each	Doz.	100
American Pillar. A single pink variety of great beauty.....	\$0.75	\$7.50	\$50.00
Roserie (Red Tausendschoen). With same habit of growth as Tausendschoen, but a deeper and more even shade of cerise pink or carmine.....	.75	7.50	60.00

Dorothy Perkins. Soft shell pink.....	.75	7.50	50.00
Dr. Van Fleet. Buds long and pointed, of a beautiful flesh pink color. Dark, glossy foliage. Splendid for cutting.....	.75	7.50	50.00
Excelsa. Crimson maroon. Has Wichuraiana foliage and does not mildew. The best red climber to date	.75	7.50	50.00

BLAZE

Inspect our Roses before buying elsewhere (no dormant stock sold)

Best Hardy **GARDEN ROSES**

WHILE our old customers are familiar with the grade of Roses which we send out, we wish to direct the attention of those who have never planted our stock to the manner in which these plants are prepared. The bulk of our Roses are field-grown plants, having been cultivated in fields during the growing seasons of 1931 and 1932. In Fall they were carefully dug, planted in pots and stored in cold storehouses, where artificial heat is only used to exclude severe frost and are then moved into frames outdoors in early Spring and gradually exposed to the weather. Under this treatment the plants develop in the most natural way and are much superior to stock which has been forced in a high temperature into an unnatural and weakened growth, and to comparatively worthless Roses which are sold so cheaply in a dormant condition.

THE NEW PATENT ROSES

Countess Vandal (U. S. Plant Patent No. 38). Long pointed orange coppery buds, large double flowers highly scented, brilliant pink lightened to salmon. Each \$1.50.

Mary Hart (U. S. Plant Patent No. 3). The fact that this is a red sport of the well-known Talisman is ample guarantee that it is outstanding. Long dark red buds shading to amber at some seasons, very fragrant. Each \$1.50.

Souvenir (U. S. Plant Patent No. 25). A golden yellow sport of Talisman. Flowers deep golden yellow and fragrant. Each \$1.00.

The New Perfumed Rose—Mrs. J. D. Eisele, (U.S. Plant Patent No. 67) (Howard & Smith, 1933). A most delightful fragrant Rose, color cherry rose overlaid with a scarlet glow, flowers 4 to 5 in. when fully developed, of a most perfect camelia-like formation, very lasting and free blooming. Each \$1.50.

PRESIDENT HERBERT HOOVER

Select New Hybrid Tea Roses

Offerings of the World's Best Hybridists

Charles P. Kilham. The buds are long pointed, of perfect shape, opening to high centered, perfectly formed full double flowers of a rich and brilliant oriental red, flushed with orange and glowing scarlet. Each \$1.00.

Lady Margaret Stewart. A Rose of unique and distinct color. The flowers in the young stage are a deep, sunflower yellow, heavily veined and splashed with orange scarlet, with the reverse of petals deeply suffused with earmine; long-pointed buds. Delightfully sweet-scented. Each 75c.

Mrs. Henry Bowles. Deep pink with lighter shading. Firm Rose, vigorous grower, fragrant. Each 75c.

Olympiad (*Mme. Raymond Gaujard*). Dark oriental scarlet yellow rose much admired by those who can grow it well. \$1.25 each, \$12.50 per doz.

President Hoover. A glorious Rose, wonderfully free flowering and charming in its color arrangement which is a splendid combination of cerise pink, flame scarlet and yellow; truly a dazzling Rose, long buds, very fragrant. Each \$1.00.

Rev. F. Page Roberts. A most beautifully shaped bud, long and full double flowers of a rich orange gold, shading to saffron yellow. Growth vigorous and very free flowering. The most beautiful Rose of its color yet introduced; very fragrant. Each \$1.00.

Talisman. This American Rose when offered for the first time for garden planting, created a sensation at all the shows where it was exhibited and won gold medals wherever shown, including the President Coolidge Medal. In color it is a combination of gold apricot yellow and deep pink changing to old rose, and unlike most Roses, the color becomes brighter as the flower develops. Vigorous grower, glossy green foliage and free flowering.

Ville de Paris (*City of Paris*). Rich, buttercup yellow, retaining its color under all weather conditions; habit upright and tall; a profuse bloomer.

Wilhelm Kordes. Unique and entirely distinct in coloring. A rich, capucine red with coppery suffusion overlying a golden-salmon ground. Buds long and pointed with high centered very fragrant flowers. Each \$1.00.

Golden Moss (New). Hybrid Moss Yellow. An entirely new yellow Moss Rose. The first one ever produced. Open flowers rich golden-buff with pinkish tint. Very fragrant and heavily mossed. Each \$2.50.

See list of our Special \$7.00 Collection of 12 popular varieties

RADIANCE

HYBRID TEA ROSES

•
**Special Dozen
Collection**

•
\$7.00

John Russell. Fine red.
Wilhelm Kordes. Orange copper.
Betty Upchurch. Coral pink.
Independence Day. Coppery yellow.
Hadley. Dark velvety red.
Pres. Hoover. Cerise pink, yellow and scarlet.
Radiance. One of the very best pink Roses.
Edel. Large double, ever-blooming, white.
Mrs. Aaron Ward. Old favorite, buff yellow.
Souv. de Claudius Permet. Best yellow.
Etoile de Hollande. One of the best dark reds.
Mme. Butterfly. Flesh pink.

HYBRID TEA ROSES

MOST of these plants are budded or grafted, and while some planters prefer stock grown on their own roots, on account of the liability of budded plants to throw up suckers, this will rarely occur if deep planting is practiced, and if a wild shoot should appear, it should be removed close to the root. Much can be said in favor of budded plants, being more vigorous, producing finer blooms, coming into bearing sooner, and just as permanent and hardy as those on their own roots.

Betty. Coppery rose, particularly free flowering in Autumn.

Caroline Testout. Bright satiny rose; very free and fragrant.

Columbia (E. G. Hill, 1913). Fine pink, very double and grown by hundreds of thousands for market.

Mrs. Ambrose Ricardo. Pale pink and light yellow. Very large blooms.

Dame Edith Helen. Brilliant soft pink, strong, vigorous constitution. Large flowers. Very fragrant.

Double White Killarney. Pure white.

Duchess of Athol. Unusual color, an old golden orange, flushed with peach pink; profuse bloomer.

Duchess of Wellington. Intense saffron yellow, stained with deep crimson; very fragrant.

Edel. Enormous, well built white flower with faintest ivory white at base; very free flowering; delightfully scented. The best white Rose.

Etoile de Hollande. A brilliant crimson red, the best all-around red bedding Rose yet introduced. Strong, vigorous, healthy grower; free, continuous bloomer; flowers large.

Feu Joseph Looymans. Distinct in color and formation; long buds, yellow, with apricot at the center; spicy fragrance.

Francis Scott Key. Large, double flowers of unusual substance. Considered the highest grade florist red Rose today.

Gross an Teplitz. This is the reddest of all the red Roses. Strong grower.

Hadley. Deep velvety crimson; intensely fragrant.

Jonkheer J. L. Moek. Silvery pink; highly perfumed.

Kaiserin Auguste Victoria. Soft, pearly white.

Lady Alice Stanley. Deep coral rose; inside pale flesh. One of the best bedding varieties.

Los Angeles (Howard & Smith, 1917). This is by far one of the finest Roses ever introduced; flame pink toned with coral; fragrance equal to Marechal Niel; will be as popular as the Jack Rose. \$1.00 each. \$7.50 per doz., \$60.00 per 100.

Mme. Butterfly. Blush pink, suffused apricot and gold, of good texture and fragrance.

LAURENT CARLE

COLUMBIA

EDEL

DUCHESS OF WELLINGTON

OPIHELIA

LADY MARGARET STEWART

All varieties listed on this page, except as noted, are 75c each; \$7.50 doz.; \$60.00 per 100

DAME EDITH HELEN

HYBRID TEA ROSES

Mme. Edouard Herriot (*The Daily Mail Rose*). Coral red, shaded yellow at base; open flowers of medium size; semi-double, rosy scarlet passing to shrimp pink.

Mrs. Aaron Ward. Indian yellow; very free and fragrant; a great favorite, blooms all Summer.

Margaret McGredy. Large, brilliant, oriental red, passing to carmine rose. Long lasting, free flowering, spicy fragrance.

Miss Rowena Thom. Large, shapely buds of a brilliant rose pink, golden glow at base, equal to Radiance in blooming qualities.

Miss Lolita Armour. Creamy copper flowers with an orange tint, double and very fragrant.

Lady Ursula. Plants of tremendous growth. Light pink merging to yellow base, very free blooming.

La Tosca. Bright silvery pink, dark centre, fragrant, free flowering.

Mrs. Chas. Bell. Shell pink flowers, shading to soft salmon, a Radiance type.

Mrs. A. R. Barraclough. Large conical heads, pure pink flowers shaded yellow at base of petals, unusually fragrant.

Mrs. Erskine Pembroke Thom. Proved by test to be the best yellow garden variety; long, shapely buds, particularly good in Fall.

Mrs. Henry Morse. A most perfect form; bright rose; the largest and most pointed of all Roses.

Mrs. W. C. Miller. Bright pink and perpetual flowering; none better as a bedder.

Ophelia. Delicate shade of salmon flesh, shaded with rose; long, pointed bud. Very free flowering.

Padre. Long petals of a coppery scarlet flushed yellow at base.

All varieties listed on this page except as noted, are 75c each;
\$7.50 doz.; \$60.00 per 100

VILLE DE PARIS

ETOILE DE HOLLANDE

Roses Are Heavy Feeders

To enjoy complete success with your rose garden, feed the plants generously during the blooming season. We will be pleased to have you consult with us as to fertilizers best adapted for roses.

Danker's Special Dozen Hybrid Tea Roses are the best Roses in cultivation, \$7.00 per doz.

Hybrid Perpetual Roses

Anna de Diesbach. Clear, bright carmine-rose; fragrant, free and continuous. Large and finely shaped.

Captain Hayward. Bright, crimson carmine.

Frau Karl Drusehki. This is the ideal hardy white Rose.

George Ahrends. A beautiful pink, sweetly scented variety.

General Jacqueminot. Brilliant scarlet crimson. Does well anywhere.

Gloire de C. Guinoisseau. Large, full globular flowers of vermillion red shaded deeper red, on vigorous plants.

Magna Charta. Bright pink.

Mrs. John Laing. Soft pink, beautifully formed buds.

Mrs. R. G. S. Crawford. Deep rosy pink, outer petals shaded with flesh; one of the freest bloomers and a splendid Rose in every respect.

Paul Neyron. Dark rose; enormous size.

Ulrich Brunner. Bright cherry-red.

Rosa Xanthina (New). Bright yellow, double flowers, really a double flowering Hugonis, with better foliage and lasts in flower for a much longer period. \$1.00 each.

Rosa Hugonis. A new Rose from China; its delicate yellow flowers are produced on long, arching sprays early in May. Suitable for planting among shrubbery. 2-year plants.

All strong, pot stock, with several strong shoots. Our Roses will bloom this season.

25 of all \$.75 varieties at 100 rate, \$15.00

All varieties listed above, except as noted, are 75c each;
\$7.50 doz.; \$60.00 per 100

RUGOSA ROSES

Rosa rugosa. White, 75c each, \$60.00 per 100.

Rosa rugosa. Pink, 75c each, \$60.00 per 100.

F. J. Grootendorst. Red. A cross between Red Baby Rambler and Rugosa. Continuous and a bush Rose. Hardy and strong enough to be planted among shrubbery. 75c each, \$7.50 per doz., \$60.00 per 100.

Pink Grootendorst. Identical with the above except in color which is a splendid clear pink. 75c each, \$7.50 per doz., \$60.00 per 100.

Rosa Rouletti. The smallest rose grown. 3 to 5 in. high. Pink flowers, a novelty for the rock garden. 75c each.

WRITE US

... regarding your favorite Roses if not listed in this catalogue. No doubt we have them. Please remember our stock is not mailing size but large, strong, two- and three-year stock that will produce large quantities of flowers the first year.

LOS ANGELES

HADLEY

All our Roses are two-year-old, extra strong, and will produce quantities of Roses the first season

ALBANY, NEW YORK

SOUVENIR DE CLAUDIUS PERNET

MOSS ROSE

Old Fashioned Pink. 75c each, \$60.00 per 100.

Our Roses are potted and showing growth before sending out. We cannot replace Roses that die after leaving our nursery.

Baby Rambler and Polyantha Roses

A type of Rose which is very popular for bedding purposes. They form shapely, compact, bushy specimens about 18 inches high, producing in great profusion from early in the season until severe frost, immense trusses of small flowers.

Polyantha Roses, \$60.00 per 100; 25 at 100 rate except where noted

Cecile Brunner (<i>The Fairy or Sweetheart Rose</i>). A Polyanthus variety with dainty double little flowers of perfect form, produced in many flowered, graceful sprays. Color a soft rosy pink on a creamy white ground.			Each	Doz.
			\$0.50	\$5.00
Crimson Baby Rambler, Triomphe Orleanais. Crimson flowers similar to the popular Crimson Rambler.75	7.50
Ellen Poulsen. A very fine, brilliant pink; large, full sweet scented; vigorous habit and most floriferous.75	7.50
Gloria Mundi. Most brilliant orange-scarlet. Does not fade. Flowers well formed, full double. Very free.75	7.50
Golden Salmon. An entirely new shade in the Polyantha Roses; of a golden orange color.75	7.50
Ideal. Dark red, strong grower, particularly good for early and late blooming.75	7.50
Lafayette. Wonderful bedding Rose, bright crimson scarlet, large clusters. A Rose that can be depended on to bloom continuously.75	7.50
Pink Lafayette. A lively rose-pink, otherwise identical to the favorite Lafayette from which it originated.75	7.50
Orleans. Geranium red flowers, tinted pink, with creamy white centers; a gold medal Polyantha and ideal for massing.75	7.50
Verdun. Carmine red.75	7.50

All our Roses are two-year-old, extra strong, and will produce quantities of Roses during the first season

PINK GROOTENDORST ROSE

GOLDEN SALMON—A New Polyantha Rose

A bed of these Roses will bloom the first season and all Summer

Danker's

Select Hardy **Perennial Plants**

OF all the plants that are cultivated for purely ornamental purposes, there are none which have made such rapid strides in public favor as the old-fashioned Hardy Garden Flowers, the inhabitants of the perennial garden. Their popularity is not at all surprising when we consider the many varied and pleasant changes which take place throughout the entire growing season in a well arranged hardy garden, in which every week—yes, every day—brings forth something fresh and new to interest and delight even the most critical. Beginning in April, the early flowering varieties open their flowers, often before the snow has entirely disappeared,

and continue, with constantly changing variety, throughout the Summer, until late in the Fall, when only severe freezing weather will stop such persistent late-blooming kinds as Japanese Anemones, Pompon Chrysanthemums, Gaillardias, Phlox, etc.

Plants are forwarded by express unless instructed to the contrary, purchasers paying charges. Small plants may be forwarded by Parcel Post, and if wanted sent in this way, add 10 per cent to value of order to points east of the Mississippi River and 20 per cent to points west of same.

SPECIAL OFFER 12:

Hardy Perennial Plants, all pot plants,
that will bloom the first year, our selection **\$2.00**

Plants for Special Situations

PYRETHRUM (PAINTED DAISY)

ENGLISH PRIMROSE

Ask about our choice varieties of German Iris

CHRYSANTHEMUMS

FRANCES WHITTLESEY

THESE beautiful Chrysanthemums are quite hardy needing just a little dry leaves or straw to keep the sun from injuring the crowns in Winter. Plant them in a rich, well drained piece of ground setting the plants a foot apart and pinching out the tops once or twice during the Summer, but not later than July 15th. They will make well branched plants that will furnish quantities of flowers after Asters, Dahlias or Cosmos are cut down by frost. The following varieties have been carefully selected as to *earliness*, *hardiness* and *productiveness* from trials on our own grounds.

SINGLE or DAISY FLOWERING

Buckingham. Red; identical to Bronze Buckingham in form.
***Crimson Splendor (New).** Midseason. Rich crimson-maroon, yellow center, 4 inches in diameter.
Daybreak. Midseason. Fragrant, soft shell pink.
Grenadier (New). Midseason. Bright bronze-red.
Gypsy Girl. Crimson shading to chestnut; a good cut flower.
***Innocence (New).** Dwarf, extra hardy, pure white changing to soft pink. Each 50c.
Seashell. A lovely shell pink; blooms mid October.

Early Hardy Garden CHRYSANTHEMUMS To follow Asters and Dahlias

POMPONS or BUTTON TYPE

Bronze Doty. Midseason. Very prolific.
Pink Doty. Midseason. Very prolific.
White Doty. Midseason. Very prolific.

***Early Bronze.** Extra early, extra hardy, dwarf. Under trial with us it has proven to be one of the best in its class, color lively bronze-yellow.

Midseason Bronze. Tall, free-flowering.
***Jewell.** Midseason. Pink button, one of the best.
Pink Dot. A little beauty; white with pink center; very double.
***Rodell.** Earliest yellow, dwarf, compact grower.

Large Early Flowering Chrysanthemums

Betsy Ross. Large exhibition white.
Citronella. Sulphur yellow, beautiful incurved dwarf in growth.
Detroit News. Incurved bronze shaded gold, splendid grower.
Golden October. Early full incurved type.
Ambassador. Early incurved pure white.
Rose Glory. Early pink incurved.
Sun Glow. Large pure yellow. In flower October 15.

Aster Flowered Garden Chrysanthemums

***Aladdin.** A summer blooming Chrysanthemum continuing in flower until heavy frosts. Coppery-bronze, similar to the Talisman Rose. 35c each; \$3.50 per doz.
***Barbara Cumming.** Clear yellow, shading to orange bronze; commences flowering in late August.
Firebrand. Splendid cluster red.
***Frances Whittlesey.** Rich bronze and garnet for the Fall garden; a decided color improvement. October 1st.
Granny Seovill (New). Dwarf, coral-bronze, a new color. 50c.
***Glory of Seven Oaks.** Extra early yellow.
***Jean Cumming.** Midseason. White, sulphur center.
Jean Treadway (New). Distinctive sparkling pink with dark rose-pink center flowering September 30th.
***Leilah.** Good rose pink; one of the best garden varieties.
October Dawn. Soft daybreak pink in bloom October 5th.
***October Girl.** Rose pink shading to lavender, fully 2 in. across.
***Providence.** Midseason. Soft pink, blended yellow.
***R. Marion Hatton.** Brightest canary yellow, late September.
Ruth Cumming. Rich redded bronze, terra cotta shadings.
Ruth Hatton. Ivory white shading to lemon yellow, bushy.
Vivid (New). Midseason. American Beauty rose color.
***White Wings.** Early prolific white, tall grower.
***Yellow Normandie.** Early, light bronzy-yellow.
***New Single Pink Chrysanthemum (Mrs. Mason).** Dwarf; earliest of all pinks. In bloom September 1st.

**These varieties are the first to bloom*

OCTOBER GIRL

Except as noted, all varieties are 25c each, \$2.50 per doz.; \$18.00 per 100

DANKER'S SUPERB HARDY PHLOX

PROBABLY the most satisfactory of all perennials, and worthy of a good space in the garden.

Select the early and late varieties, cut off the heads of blooms as soon as they have faded, and have blossoms from middle of June until cut down by frost.

The ground where phlox is to be planted should be trenched fully 2 feet in depth, and may be planted in the Autumn, from the 1st to the 15th of October, so that it may become well rooted before Winter; otherwise it should be set out as soon as the frost leaves the ground in the Spring, as growth begins very early. Mulch the roots with old manure. Set out 18 inches apart, and keep well watered.

In October, after three seasons of flowering, the Phlox should be lifted, the ground again trenched and enriched, the plants separated into bunches of three or four stalks each, and then reset.

The best effects are produced by planting masses of each color, not less than six plants of one color together. A border of phlox may begin with palest pink shading up to dark cherry, then pure white and white with a red eye, and more white, then quantity of red and again white at the end. In another border the shades of purple can be planted with occasional bunches of white. The phlox will be the pride of the garden.

Most Popular Varieties

Antoinin Mercie. Light ground color, prettily suffused with lavender.

Beacon. Brilliant cherry-red.

Bridesmaid (Tall). White; large crimson-carmine center.

Coccinea. One of the oldest varieties, but of the best bright red.

Eifel Tower. An outstanding salmon pink, tall, and excellent as a cut flower. Each 50c, doz. \$5.00.

Elizabeth Campbell. Very bright salmon-pink, with lighter shadings and dark crimson eye; an entirely new and much wanted shade.

Euchautress. Bright salmon-pink flowers, with dark red eyes.

Europa. White, with crimson-carmine eye; remarkably sturdy.

Firebrand. The very best red.

Jules Sandeau. Pure pink, dwarf, mammoth flower.

La Vague. Pure mauve, with aniline-red eye.

Mia Ruys. A dwarf variety. Enormous trusses of pure white.

Miss Liugard. A grand white variety, lilac eye; large, individual flowers; blooms in June and throughout the Summer.

Mrs. Milly Van Hoboken. Long heavy trusses of soft shell-pink flowers of immense size.

Rheulander (Medium). A beautiful salmon pink with deep claret red eye with flowers and trusses of immense size.

R. P. Struther (Tall). Bright rosy carmine with claret red eye.

Salmon Glow (New). Cross between Jules Sandeau and Elizabeth Campbell. Large individual florets of a lively pink shaded salmon. Each 35c, doz. \$3.50.

Thor. Deep salmon pink; aniline red eye.

Von Lassburg. Purest white, individual flowers very large.

Each 25c, doz. \$2.50, 100 \$15.00 except where noted.

Field clumps undivided. Each 50c, doz. \$5.00

DWARF PHLOX

Divaricata laphami, Perry's Variety. An improved variety. Beautiful lavender flowers in late May. Each 25c, 100 \$20.00.

Subulata (Moss or Mountain Pink): *lilacina*, light lilac; *rosea*, rose pink; *amoena*, bright pink; *alba*, white. Each 25c, doz. \$2.50.

Subulata vivid (New). Good clear rose, compact habit. Each 25c, doz. \$3.50.

Masses of Phlox save the garden in August

DANKER'S

Fragrant PEONIES

MONS. JULES ELIE

AN important point to observe in the planting of Herbaceous Peonies is not to plant too deep. The roots should be placed so that the crowns are covered with 2 inches of soil. Too deep planting is a frequent cause of shy flowering.

	Each	Doz.
Baroness Schroeder. Flesh white, tall grower; very fragrant. One of the very best Peonies	\$0.50	\$5.00
Couronne d'Or. Large creamy white, yellow center; midseason	.50	5.00
Duchesse de Nemours. Large sulphur white; fragrant. Early	.35	3.50
Edulis Superba. Bright mauve pink	.50	5.00
Felix Crousse. Large, ball-shaped bloom, brilliant red; one of the finest self colored varieties	.50	5.00
Festiva Maxima. Pure white center, petals tipped red. The most popular white for cutting	.50	5.00
Karl Rosenfield. Large, globular, dark crimson. Flowers midseason	.50	5.00

	Each	Doz.
Lady Alexandra Duff. Very desirable variety. Light rose, shading lighter toward center. We have a nice stock and can furnish these at the reasonable price of	\$2.00
La Perle. Delicate shell pink; very double. Midseason	.75	\$7.50
L'Indispensable. Tall, late, flesh pink	.50	5.00
Marie Calot. Large, pale Hydrangea pink, with darker shadings in the center. Early	.50	5.00
Marie Lemoine. Extra large, late flowering, ivory white. Late white	.50	5.00
Mme. Geissler. Very large, compact, globular rose type. Violet rose, tipped silver	.75	7.50
Mons. Jules Elie. Flesh pink; full, globular flowers. Early	.50	5.00
Pres. Roosevelt. A standard, dark red, free flowering variety	.50	5.00
Queen Victoria. A good early white	.35	3.00
SINGLE PEONIES. 6 choice varieties	.50	5.00

One each of the three outstanding varieties
Couronne d'Or (White)
Felix Crousse (Red)
Mons. Jules Elie (Pink) } **\$1.25**

PAEONIA OFFICINALIS

This type is the real old-fashioned Peony and comes into bloom from 10 days to two weeks ahead of the above sorts. It is a strong grower, with large, full, double, fragrant flowers.

Rubra. Bright, glowing, deep crimson. 50c each, \$5.00 per doz.

All of the above are strong divisions of two and three eyes; large, field clumps, 3- and 4-years old, can be furnished for \$1.00, \$1.50 and \$2.00, according to varieties; for immediate results, these should be planted.

JAPANESE IRIS FOR JULY BLOOMING

Complete collection 17 varieties choice Peony roots \$7.00

IRIS Germanica

NO group of flowers have so wide a range of color as the Iris. From snowy whiteness and clear yellow, through pinks and hazy lavenders, to the deep purples, the Iris gives color and individuality to our gardens. They prefer a well drained, sunny spot with plenty of lime in the soil. Some varieties may be naturalized in half shady locations.

	Each	Doz.
Ambassadeur. One of the finest, large flowering varieties; standards deep lavender suffused with bronze; falls, maroon with purplish cast.....	\$0.35	\$3.50

Visit our Nursery when our Iris are in bloom; we have a number of new varieties not listed

LILIAM AURATUM

- Iris cristata.** A dainty native creeping species, only 3 in. in height; rich amethyst blue; a gem for the rock garden. . . . \$.20 \$2.00
- Iris pumila.** Pale lemon yellow. Do not grow over 4 in. high; bloom in April and May.20 2.00
- Iris sibirica.** White and blue; vigorous, free flowering variety of very easy culture. Splendid for naturalizing and for water sides; strong.20 2.00

LILIES FOR GARDEN AND POT CULTURE

The Lilies are among the most beautiful and ornamental of cultivated bulbous plants (which are in many cases highly perfumed) rendering them indispensable subjects for outside garden planting and conservatory decoration. All the varieties we offer are hardy in this climate. The commoner and more plentiful species may be effectively employed for grouping or naturalizing.

LILIAM REGALE

IRIS KAEMPFERI. Japanese Iris

The improved forms of this beautiful flower have placed them in the same rank popularly as the Hardy Phlox, Peonies, etc. in the flower garden. Coming into flower about the middle of June and blooming from three to four weeks they fill in a period when flowers of this attractive type are very welcome. They thrive in almost any soil and position and are excellent for cut flowers when cut in the bud state, permitting the blooms to open in water.

	Each	Doz.
Blue Jay. Six aniline-blue petals surrounded by white halo. . . .	\$.35	\$3.50
Dream. Large single white, delicately veined with blue.35	3.50
Gold Boud (Double). Pure white creamy glow with gold banded center.35	3.50

- Lilium sulphurium.** A rare giant flowering lily, sulphur yellow and producing flowers 8 to 10 inches long. \$1.50 and \$2.00 each.

Lilies should always be planted 6 to 8 inches deep in well drained ground

LOMA— for Colorful, Full-Flowered Plants and Vegetables

EVERYONE loves a beautiful lawn; everyone wants his flowers to be the biggest and brightest—and it is just such beauty that Loma brings to grass and garden.

Apply Loma to your lawn today and within ten days to two weeks the grass will be thick and green and velvety. If this should seem scarcely believable, get a one-pound or five-pound package. Apply it to a small area of the lawn. Water it thoroughly—and watch the results!

Apply Loma to your flower beds, shrubbery, potted plants and vegetable garden. Water thoroughly, and in a few days note the unbelievable improvement.

Loma is a quick-acting plant food—when applied and watered thoroughly, it dissolves completely, and gets to the roots immediately. The result is that it is taken in immediately by the plant, and grass and flowers are benefited at once—you don't have to wait all season. Also, it is a *complete* plant food—that is, it supplies everything that your lawn and garden needs—nitrates, potash, and phosphates in an immediately available form. Indeed, Loma has been so successful, that it now is the largest selling plant food throughout the United States.

Send for a supply this season. It can be had in all sizes from 1 and 5 lbs. to 100. Full directions on the package.

Here's a new and increasingly popular type of glove—for men and women—specially designed for garden wear. Just the thing you've been looking for.

All - Leather
SOFT AS KID

DIRT-PROOF
Easy to Wear

Made from select imported leather processed to render it amazingly soft and pliable—as well as durable. Permit almost barehand freedom with maximum comfort, yet provides complete protection from dirt, bruises, scratches and stains. Keep the hands in "party" condition.

Economical, too, for they will outwear six pairs of ordinary fabric gloves and are useful the year round for Garden, Housework, Painting, Yard, Furnace, Garage, etc. You will find these the most satisfactory gloves you've ever worn.

WASHABLE!

Sizes for women: "Small," "Medium," "Large"—for men: "Medium" and "Large." Price, 75 cents a pair (2 pairs, \$1.40), postpaid.

SPRAYERS

BROWN'S NO. 26BG 1 QT. AUTO SPRAY, \$1.09

The No. 26BG is a continuous hand sprayer, made with heavy tin pump, brass cone and jar cap, and one quart capacity glass container. Invaluable for use around the home and in the garden. Will handle all spraying materials.

No. 26BG, 1 Qt.....\$1.09

BROWN'S CRYSTAL DUSTER, \$1.15

The best small hand duster on the market. Has efficient agitator to keep dust in constant motion; long extension and fan shaped spreader nozzle for dusting from underneath; length overall, 40 inches. Quantity of dust expelled controlled by force used in pumping. Capacity, about three pounds.

Crystal Duster.....\$1.15

Non Corrosive Lining

BROWN'S NO. 9 AUTO SPRAY

An excellent four gallon compressed air sprayer made of either heavy copper or strong steel, with non-corrosive lining. For all spraying purposes. Fully equipped.

The Blue Ribbon is a more economical sprayer, of four gallon capacity, made with either a heavy brass or strong steel tank. Will handle all spraying solutions.

No. 9A Galv. Steel Tank.....\$6.50
No. 9C Copper Tank..... 9.98
Blue Ribbon B, Brass Tank... 7.25
Blue Ribbon D, Galv. Steel Tank..... 4.80

A pair of soft Eezy Wear gloves will prevent bruises and scratches

ALBANY, NEW YORK

Information **FOR OUR PATRONS**

NEW ACCOUNTS—Cash with order or satisfactory references.
All bills due 60 days from date of invoice.

C. O. D. ORDERS must be accompanied with a deposit.

DAMAGED PLANTS—Should a shipment reach you by express damaged, sign for it: "**Received in damaged condition,**" and be sure to notify your express agent at once to inspect the plants. Then notify us immediately and we will assist in every way possible that the shipment may not be a total loss. Do not return plants to us without first communicating with the express company.

CLAIMS—All claims must be made on receipt of goods, or they will not be entertained.

NO WARRANTY—We exercise the greatest care to have all bulbs, plants and nursery stock true to name and free from disease or defects. While we are prepared to replace any which may be otherwise, on receipt of proper proof, we do not give any warranty, express or implied and will not be responsible for the crop, nor shall we be held for a greater amount than the original price of the goods. If the purchaser does not accept the goods on these terms and conditions, they must be returned at once and the money which was paid for them will be refunded.

PRICES—All prices and terms are subject to change without notice. This is made necessary by unsettled business conditions that affect the cost of materials that we are obliged to buy for operating our business, and also by fluctuations in the prevailing wage rate.

EARLY ORDERS—To one familiar with the rush at the packing season, it must be obvious that it is impossible to fill an order requiring much time in its preparation on short notice, without doing an injustice to others who have their orders pre-

viously booked. In fairness to all, we have adopted the practice of filling orders in the rotation received, unless orders are received far enough ahead of the packing season, with instructions to ship at a given date, so that we can arrange a special shipping date. So we repeat—*place your orders as far in advance as you possibly can*, stating when you would like stock sent.

PLANTS BY EXPRESS—We do not deliver plants free by express, the purchaser paying the charges, which are by the principal express companies, 20 per cent. less than regular merchandise rates. We strongly urge this method of transportation, as it enables us not only to give better values in the form of larger and finer plants, *and unless instructed to the contrary, all orders are forwarded by express.* In the event that small orders are desired sent by parcel post, *add 5% of the amount of your purchase to your remittance.*

PLANTS BY RAIL—Shrubs, Hedge Plants and other dormant stock can be forwarded safely by fast freight lines, even to very distant points, at low rates.

PACKING FREE—All retail orders. We make absolutely no charge for boxes or packing or delivery to any express, freight or steamship line in Albany, N. Y. Wholesale orders to the trade, charges for boxes and packing material at cost.

SAFE ARRIVAL GUARANTEED—We guarantee the safe arrival of all plants in any part of the U. S. or Canada when sent by express. *If forwarded in any other manner they are entirely at the risk of the purchaser.*

We would like to impress upon our customers and intending customers that it is to our interest as well as theirs that only strong, healthy stock be furnished. We believe that our satisfied customers will be our best advertisements.

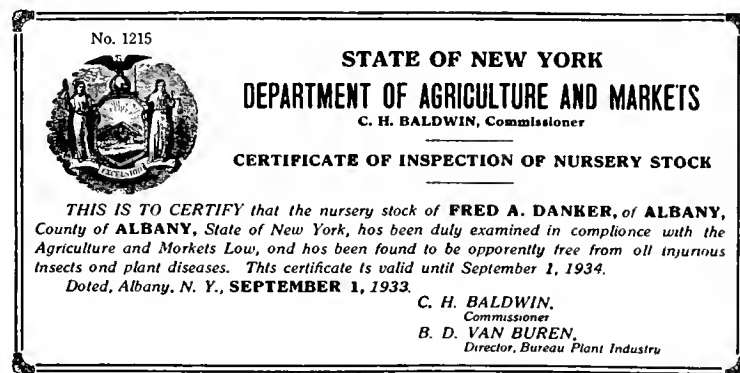

Our nursery and greenhouses are always open for inspection.

Replacing

The utmost care is exercised in the growing, the digging, packing and shipping of all **Danker** trees, shrubs and plants. It is as much to our advantage as to yours to have your order reach you in the pink of condition, ready to grow and to give you the resulting pleasure.

The success of a tree or plant depends upon its care after leaving our hands and in conditions over which we can have no control. A tree can be killed by too much as well as too little water, by being planted too deeply or not deeply enough, or by having its naked roots exposed to wind or sun (Evergreens are especially endangered by this last lack of care). One should also bear in mind that a tree planted in the spring may show no life until Autumn or even until the following spring. We have often had trees reported as lost when in reality they were alive and healthy.

We have every confidence in our stock and will willingly adjust any reasonable claim against us, provided the order has been

previously paid for according to the terms of the sale, provided also that the claim is made within a reasonable time from the date of receipt of the stock. We cannot honor a claim unless the plants concerned are left undisturbed in the ground so that the conditions can be investigated should we feel this advisable.

Every precaution is taken that your plants may reach you in perfect condition

Dependable GARDEN BOOKS

Written by authorities in clear, understandable language. Well bound and profusely illustrated

ROCK GARDEN PRIMER. By Archie Thornton. Covering the subject from the ground up for the beginner. Splendid pen and ink drawings by the author of the various operations necessary in the building and maintaining of a rock garden. Handsome four-color plates. Cloth, \$2.15.

ADVENTURES IN DISH GARDENING. By Patten Beard. How to make beautiful, miniature landscapes. 69 full-page illustrations (4 in color). Leatherette, \$2.65.

1001 GARDEN QUESTIONS ANSWERED. By Prof. Alfred C. Hottes. Every problem confronting the home gardener is satisfactorily answered. Covers flowers, fruits, vegetables, the home grounds, etc. Paper, \$1.65; cloth \$2.15.

THE BOOK OF SHRUBS. By Prof. Alfred C. Hottes. Most complete book on the subject. Its contents invaluable to all. 446 pages, over 185 half-tones and diagrams. Cloth, \$3.15.

LANDSCAPING THE SMALL HOME. By Edward W. Oliver. Especially written for the owner of a small place. Numerous plans and full information on planting. Cloth, \$2.15.

ALL ABOUT FLOWERING BULBS. By T. A. Weston. Complete information on bulbs of all seasons. Spring flowering, tender flowering and Summer flowering. 186 pages with 73 full-page plates (8 in 4-colors). Cloth, \$2.15.

PLANT PROPAGATION. By Prof. Alfred C. Hottes. An exposition of the art and science of increasing plants. Appeals to everyone who has to do with seeds and plants, whether amateur or professional. Cloth, \$2.15.

MILADY'S HOUSE PLANTS. By F. E. Palmer. For those seeking success with plants in the home; 100 instructive pictures. Paper, \$1.10; cloth, \$1.35.

PIONEERING WITH WILDFLOWERS. An outstanding book by George D. Aiken, absolutely new in the annals of gardening, dealing with the growing of such rare and formerly difficult plants as the hardy Orchids, Arbutus and Gentians. 102 photographic illustrations. Beautifully bound in imitation leather \$2.00.

CITY AND SUBURBAN GARDENING. By Chesla C. Sherlock. Discusses every angle of city and suburban

gardening, from the landscape problems of the small plot to rock and water gardening. 186 pages. Cloth, \$2.15.

PRACTICAL LANDSCAPE GARDENING. By Robt. B. Cridland. For the owner of a modest home. Takes up all the elements that enter into the beautifying of properties. 276 pages. Cloth, \$2.65.

A LITTLE BOOK OF CLIMBING PLANTS. By Prof. Alfred C. Hottes. The only book obtainable combining all climbing plants, of whatsoever nature, in the one volume. 250 pages. Paper, \$1.65; cloth, \$1.90.

FOUNDATION PLANTING. By Leonard H. Johnson. Covers the art and science of beautifying, by means of plants, the immediate frontage of the house, and, when opportunity serves, the sides and rear. 256 pages. Cloth, \$3.65.

THE PRINCIPLES OF FLOWER ARRANGEMENT. By Prof. E. A. White. For the hostess, the social leader and all who delight in displaying flowers to their fullest beauty. 226 pages. Cloth, \$3.15.

MODERN DAHLIA CULTURE. By W. H. Waite. Brief, clear, complete, based on the actual operations and results of a practical, experienced grower, propagator and exhibitor. 132 pages. Cloth, \$1.65.

THE WOMAN'S FLOWER GARDEN. By Jane Leslie Kift. A book for women on the care of flowers and plants in the home and on their cultivation in the garden. 160 pages. Cloth, \$1.35.

THE BOOK OF ANNUALS. By Prof. Alfred C. Hottes. A reliable guide through the season of annual bloom. Over 100 separate species are described with full directions for their culture and uses. 182 pages. Cloth, \$1.65.

THE BOOK OF PERENNIALS. By Prof. Alfred C. Hottes. Devoted to the general principles of growing, using, selecting and propagating perennials. 280 pages. Cloth, \$1.65.

WATER GARDENS AND GOLDFISH. By Robt. V. Sawyer and Edwin H. Perkins. Teaches the amateur the art of growing Waterlilies in a small way and thoroughly covers the establishment and management of the home aquarium. Cloth, \$1.65.

BEST TOMATO PLANTS

All tomato plants are pot grown

BONNY BEST. An early and productive variety, uniform in size and shape; the color is scarlet, produced in abundance.

JOHN BAER. Very early, red fruits of fine flavor.

MATCHLESS. Scarlet, solid and meaty, one of the best canning varieties for home use.

RICHARD DIENER. King of all Tomatoes. A large, bright red Tomato; very solid and meaty. Contains very few seeds and the flavor is excellent.

VENTURA (DIENER). Fruit as sweet as a good apple. 4 to 8 oz. Splendid for canning.

All pot plants 50c per doz., \$4.00 per 100

ASPARAGUS ROOTS

MARY WASHINGTON. Reselected roots. 40c per doz., \$1.75 per 100, \$15.00 per 1000.

You take no chances when you select Danker's Vegetable Plants

ALBANY, NEW YORK

DANKER'S *High Grade* LAWN GRASS SEED

Weights 20 pounds per bushel

This **HIGH-GRADE LAWN GRASS SEED** is composed of the very finest re-cleaned grasses, free from weeds and all foreign matter. Where a strictly first quality grass seed is wanted, I can recommend this grade of seed, it requiring only three to four bushels to the acre for new lawns, and one to two bushels for renovating old lawns.

By sowing **HIGH-GRADE LAWN GRASS SEED** you will obtain a beautiful, deep green lawn, which, owing to the varieties used in this mixture, will retain its velvety appearance during the entire Summer.

One quart of our **HIGH-GRADE LAWN GRASS SEED** is sufficient to sow about 300 square feet; an acre will require from three to four bushels. To produce a good lawn, it is always best to sow moderately thick.

HIGH GRADE LAWN GRASS SEED

Price: Per qt. 35c; 4 qts. \$1.25; 8 qts. \$2.25; Bu., 20 lbs. \$7.50

DANKER'S SHADY PLACE GRASS. Special mixture for using on that part of the lawn that is shaded by trees, buildings, etc. Circular "How to Make a Lawn," mailed upon request. Quart 40c; bushel \$8.50.

ALL AMERICAN

Flower Selections

The following selection was made by commercial seedmen and florists for their newness, general popularity and outstanding merit.

Nasturtium. Double Golden Gleam. Sweet scented flowers borne on six inch stems well above the foliage form a solid mass of gold. Pkt. 10c; 1/2 oz. 25c.

Marigold, Guinea Gold. Graceful, semi-double, large brilliant orange flowers with ruffled petals. Pkt. 15c.

Campanula. Annual Canterbury Bells, mixed, a fine improvement over the biennials, height 2 1/2 ft., blooms in less than six months. Colors dark blue, light blue, rose and white. Pkt. 25c.

Verbena. Beauty of Oxford Hybrids. A giant selection ranging from Rose Pink to Rose Red. Pkt. 25c.

Lupine. Hartwegi Giants mixed. A decided improvement over the old Annual Hartwegi type with many more blooms to the spike. Colors include dark blue, azure blue, rose and white. Pkt. 25c.

Pansy. Maple Leaf Giants. Compact plants with huge flowers. Color range same as the Swiss Giants. Pkt. 25c.

Annual Delphinium. Cambridge Blue. Far more brilliant than Belladonna white chinensis habit of growth. Pkt. 25c.

GIANT ORCHID SWEET PEAS

Aster. Wilt Resistant Mixed. This strain will produce healthier plants of sturdier substance. They are disease free and can be grown in the same soil for many years. Pkt. 25c.

Verbena. Lavender Glory. The first real lavender verbena with creamy white eye. Flowers giant in size. Pkt. 25c.

Venidium Fastuosum. New from the Cape this striking species adds to the cut flower list. Deep orange daisy-like flowers five inches across with reddish-brown centers. Pkt. 25c.

ALL AMERICAN COLLECTION
One packet each of the above winners \$2.00

FLOWER SEEDS

We have had many requests for flower seeds of the varieties we sow for our own cut flowers and are pleased to offer the following, all of which can be safely sown out of doors in May with good results.

ISMENE CALATHINA . Large white blossoms, like <i>Amaryllis</i> . Each 25c....	2.50

Varieties marked * are best for cut flowers

FLOWERING ANNUALS

These Flowering Annuals will be found particularly valuable this year to put immediate color in the perennial and rock garden where winter killing has taken place.

POMPON ZINNIAS AND AGERATUM

Plant plenty of Salvia for Fall bloom; Danker's Improved variety is very free and early

PRUNUS TRILOBA

new variety is of a rich, bronzy red, getting more brilliant throughout the Summer, changing in the Fall to bright orange and scarlet with bright scarlet berries. Should be planted in full exposure to the sun. 12-15 in., each 35c, doz. \$3.50; 15-18 in., each 50c, doz. \$5.00; 18-24 in., each 75c, doz. \$7.50; 24-30 in., each \$1.00, doz. \$10.00.

CALYCANTHUS floridus (Sweet Strawberry Bush or Carolina Allspice). A unique shrub of good growth, blossoming oddly at the leaf axils in double, spicy, fragrant flowers of chocolate red. 2-3 ft., each 50c, doz. \$5.00.

CERCIS canadensis (Judas Tree or Red Bud). Showy, tall shrub branches covered with rosy pink flowers before leaves appear. 3-4 ft., each 75c. Specimen shrubs, 5-6 ft., each \$2.50.

CORNUS florida (Dogwood). White. The Dogwoods have many desirable qualities to place them among the most popular flowering trees. The early Spring flowers are followed with attractive red berries. The leaves have brilliant shades of scarlet in the Fall. 3-4 ft., each \$1.50; 5-6 ft., each \$2.00; 6-8 ft., each \$4.00.

Hardy Deciduous SHRUBS

IN this class are included the most popular and better known of our hardy flowering and ornamental shrubs. Their popularity is based on the wealth of flowers which they produce and their adaptability to the most ordinary conditions. No class of plants presents to our landscape a greater array of blossoms or a more symmetrical arrangement of their flowers, and once established, with the exception of a periodical trimming, may be left to take care of themselves, increasing in size and beauty from year to year. All shrubs offered are strong and healthy, mostly 3- and 4-year old.

AMYGDALUS (Flowering Almond). Early Spring flowering shrubs, fully in bloom before the leaves appear. The beautiful rose or white flowers snuggle tight to the twigs.

Double White, 2-3 ft., each 75c, doz. \$7.50.

Double Pink, 2-3 ft., each 75c, doz. \$7.50.

ALTHAEA (Rose of Sharon). Blooms late in August and September. Brightly colored flowers. Very attractive. Should have a little protection in Winter until established.

White, Pink. 3 ft., each 50c, doz. \$5.00.

Blue. A clear sky-blue, a splendid addition to any shrub planting. 3 ft., each 50c, doz. \$5.00.

BUDDLEIA veitchii, Improved (Butterflybush). A beautiful shrub, bearing long sprays of lilac colored flowers with great freedom until stopped by frost. This is the best variety yet introduced. 2 year plants, started in pots, each 50c, doz. \$5.00. Strong, field grown plants, each 75c, doz. \$7.50.

BERBERIS thunbergi (Japanese Barberry). An indispensable shrub because of its adaptability for most any purpose. Absolutely the very best hedge shrub for this climate. The size we list is the proper height to give immediate effect planted 1 foot apart in single rows. 18 to 24 in., each 20c, doz. \$2.00, \$18.00 per hundred.

Box Barberry. The Box Barberry successfully takes the place of the Box borders for edging beds in formal gardens and along walks, where Boxwood is not hardy. 2 and 3 year vigorous plants, field grown, \$18.00 and \$25.00 per hundred.

BERBERIS vulgaris. Tall grower, desirable for its abundant red berries. 3 to 4 ft., each 50c, doz. \$5.00.

Red-Leaved Japanese Barberry

(*Berberis thunbergi
atropurpurea*)

It is similar in all respects to the well known Japanese Barberry, which is so popular for foundation planting and hedges, but the foliage of this

SPIRAEA VANHOUTTEI

Plant Flowering Shrubs along your property line

CORNUS—Continued

florida rubra (Red Dogwood). Red. 3-4 ft., each \$2.50; 4-5 ft., each \$3.00; 5-6 ft., each \$5.00. Specimen plants 6 to 8 years old, \$10.00 to \$15.00.

elegantissima variegata. Shrub. Grows 6-8 ft. high, with purplish red branches and beautiful silver variegated foliage. 2-3 ft., each 50c, doz. \$5.00; 3-4 ft., each 75c, doz. \$7.50.

lutea (Yellowtwig) Shrub. A striking, yellow branched form, satisfactory for contrasting. 2-3 ft., each 35c, doz. \$3.50; 3-4 ft., each 50c, doz. \$5.00.

sibirica (Redtwig) Shrub. Grows 6-8 ft. high, with clusters of fine white flowers, succeeded by a Fall crop of ornamental berries, stem and branches turning to blood red in Winter. 2-3 ft., each 35c, doz. \$3.50; 3-4 ft., each 50c, doz. \$5.00.

CYDONIA japonica (Japanese Quince). This shrub is completely covered with dazzling scarlet flowers in early Spring, followed by small, quince-shaped fruits which are quite fragrant. 1½-2 ft., each 50c, doz. \$5.00; 2-2½ ft., each 75c, doz. \$7.50.

DEUTZIA gracilis. Dwarf growing, densely bushy, branches wreathed with white flowers in May. 15-18 in., each 35c, doz. \$3.50; 18-24 in., each 50c, doz. \$5.00.

lemoinei. Large flowers of pure white, borne in cone-shaped heads. 1½-2 ft., each 35c, doz. \$3.50; 2-2½ ft., each 50c, doz. \$5.00.

crenata magnifica. A most distinct new variety with large corymbs of pure white flowers growing from 3-4 ft. high. 3-4 ft., each 50c, doz. \$5.00; 4-5 ft., each 75c, doz. \$7.50.

EUONYMUS alatus (Cork-barked Euonymus). Grows 8 ft. high. Small, delicate flowers in late Spring are followed by attractive red berries in the Fall. Curious corky bark, brilliant Autumn foliage. Best for individual planting. 2-3 ft., each 75c, doz. \$7.50; 3-4 ft., each \$1.25; Large specimen plants, each \$3.00 up.

europaea. A large shrub, bearing rose colored capsules with red seeds in Autumn. Striking, conspicuous. Large specimen plants, each \$2.50 up.

alatus compacta (New). Splendid for hedges. 18-24 in., each 60c, doz. \$6.00; 2-2½ ft., each \$1.00.

EXOCHORDA grandiflora (Pearlbush). Bears clusters of beautiful white flowers in May-June. 3-4 ft., each 50c, doz. \$5.00; 4-5 ft., specimen, each \$1.50.

FORSYTHIA fortunei. Erect branches and dark green foliage. 3-4 ft., each 50c, doz. \$5.00; 4-5 ft., each 75c, doz. \$7.50.

pumila (New). Very hardy; the most free flowering of all the Forsythias. 3-4 ft., each 75c, doz. \$7.50; 4-5 ft., each \$1.00, doz. \$10.00.

HYDRANGEA arborescens (Hills of Snow). Flowers are similar to the familiar "Snowball" in appearance. White flowers in July. 2-3 ft., each 35c, doz. \$3.50; 3-4 ft., each 60c, doz. \$6.00.

paniculata grandiflora. Wonderfully attractive when laden with their massive white flowers from August till Autumn. Single specimens, severely pruned every Spring, and large beds kept in uniform development are extremely showy. 1½-2 ft., each 35c, doz. \$3.50; 2-2½ ft., each 50c, doz. \$5.00; 2½-3 ft., each 75c, doz. \$7.50; Tree form, each \$1.00, \$1.50, \$2.00, \$3.00.

KERRIA japonica (Fl. Pl.). Graceful, slender, drooping branches, laden with a wealth of rich double yellow flowers. May-June. 2-3 ft., each 75c.

LILAC, Common Purple. 2-3 ft., each 50c, doz. \$5.00; 3-4 ft., each 75c, doz. \$7.50.

Common White. 2-3 ft., each 50c, doz. \$5.00; 3-4 ft., each 75c, doz. \$7.50.

FRENCH NAMED LILAC. All varieties, on own roots.

Hugo Koster. Beautiful shade of lilac.

Souv. Ludwig Spaeth. Large single flowered purple, very large panicles, one of the best.

Jules Simon. Very large flowers and trusses; lilac mauve passing to pale azure. Double.

BUDDLEIA VEITCHI IMPROVED

FORSYTHIA FORTUNEI

Our new improved Buddleia deserves a place in every garden

KOLKWITZIA AMABILIS

PUSSY WILLOW. Grow your own Pussy Willows. For cut sprays we offer the giant variety; strong shrubs. 2-3 ft., each 35c; doz. \$3.50; 3-4 ft., each 50c, doz. \$5.00.

New Chinese Silver Willow. A Wilson introduction, yellow bark and giant catkins. 2-3 ft., each 50c.

PHILADELPHUS coronarius (Garland Mockorange). A fine old form, grows 8-10 ft. tall. Its large white flowers in very graceful sprays are delightfully scented. 2-3 ft., each 50c, doz. \$5.00; 3-4 ft., each 75c, doz. \$7.50; 4-5 ft., each \$1.00, doz. \$10.00.

aureus (Golden Syringa). Valuable for contrasting grouping and the best goldenleaved shrub. 12-15 in., each 50c, doz. \$5.00; 15-18 in., each 75c, doz. \$7.50.

grandiflorus. Very large flowers in June. 2-3 ft., each 50c, doz. \$5.00; 3-4 ft., each 75c, doz. \$7.50; 4-5 ft., each \$1.00, doz. \$10.00.

virginalis. One of the most beautiful new varieties. Strong, tall grower, with very large, double crested flowers with round petals. Pure white, sweetly scented, clusters of five to seven. 2-3 ft., each 50c, doz. \$5.00; 3-4 ft., each 75c, doz. \$7.50; 4-5 ft., each \$1.00, doz. \$10.00.

PRIVET Ligustrum ibolium. Strong 2 and 3 year stock well branched, absolutely hardy, very best privet for this climate. *Will not winter kill.* \$10.00, \$12.00, \$15.00 and \$18.00 per 100.

PRUNUS pissardi (Purpleleaved Plum). Handsome and distinct little tree, covered with a mass of small, white, single flowers in Spring; later with showy purple leaves that deepen in color to the end of the season. 3 ft., each 75c, doz. \$7.50; 4-5 ft., each \$1.50; 5-6 ft., each \$2.00.

triloba (Double-flowered Plum). The whole tree is decked in a fleecy cloud of very double, light pink blossoms in early Spring before its leaves appear. 2-3 ft., each 75c, doz. \$7.50; 3-4 ft., each \$1.00, doz. \$10.00.

FRENCH NAMED LILAC—Continued

Chas. X. Free flowering. Violet purple.

Marie LeGray. Best single white.

Mme. Casimir Perier. Very large, white, double.

Mme. Lemoine. A very fine pure white, double.

Michael Buchner. Dwarf, pale lilac; very double.

President Grevy. Very large, handsome soft blue; flowers very double.

Ruhm Von Storstenstein. Mammoth flowers, deep red buds shading to brilliant lilac when open.

3-4 ft., each \$1.50. Quotations given on larger sizes.

LONICERA (Bush honeysuckle).

fragrantissima. The early pink and white flowers are sweetly fragrant, and its foliage remains till late in Winter.

3-4 ft. Each 50c, doz. \$5.00

4-5 ft. Each 75c, doz. 7.50

morrowi. A spreading variety, growing 4-6 ft. tall. June. Flowers white and bear very handsome fruit.

3-4 ft. Each 50c, doz. \$5.00

tatarica alba. A variety of upright habit, with very large, pure white flowers. June.

3-4 ft. Each 50c, doz. \$5.00

4-5 ft. Each 75c, doz. 7.50

rubra. Deep rose pink flowers. Early.

3-4 ft. Each 50c, doz. \$5.00

4-5 ft. Each 75c, doz. 7.50

NEW KOREAN SPIRAEA tricocarpa. Plants were sent to Arnold Arboretum in 1917. Masses of snow white flowers with darker eye. 2-3 ft. Each 75c, doz. \$7.50

NEW BEAUTYBUSH KOLKWITZIA amabilis. Another of Dr. E. H. Wilson's new shrubs. Flowers that cover the bush in a pink cloud. 1½-2 ft., each 50c; 2-2½ ft., each 75c.

HUGO KOSTER

Our special offer of 12 assorted flowering shrubs \$5.00 (See page 48)

RHODOTYPOS kerrioides (White Kerria). 3-6 ft. An attractive shrub, with yellowish foliage, large single white flowers late in May followed by black seeds. 2-3 ft., each 50c, doz. \$5.00; 3-4 ft., each 75c, doz. \$7.50.

DEUTZIA GRACILIS

RHUS cotinus (Purple Fringe, or Smoketree). A small tree or conspicuous spreading shrub with large leaves; overhung in Midsummer by mistlike clouds of tiny lavender flowers. 3-4 ft., each \$1.00; 4-5 ft., each \$1.50.

SAMBUCUS aurea (Golden Elder). The golden yellow leaves give heightened effects in tone and color. Grows naturally 10-12 ft. but can be pruned into a neat, compact little bush. 3-4 ft., each 50c, doz. \$5.00; 4-5 ft., each 75c, doz. \$7.50.

SPIRAEA Anthony Waterer. Very free flowering. The best dwarf type. Large corymbs of brilliant rosy erimson. 1-1½ ft., each 50c, doz. \$5.00; 1½-2 ft., each 75c, doz. \$7.50.

froebeli. Similar to Spiraea Anthony Waterer, but more

BERBERIS THUNBERGII ATROPURPUREA

robust, has better foliage of a reddish bronze tint. 1½-2 ft., each 50c, doz. \$5.00; 2-2½ ft., each 75c, doz. \$7.50.

prunifolia, florepleno (Bridalwreath). Plumleaved foliage, free grower. Its long, curving branches are covered with small, double white flowers in early Spring. 3-4 ft., each 50c, doz. \$5.00; 4-5 ft., each 75c, doz. \$7.50.

opulifolia aurea (Goldenleaved Ninebark). Golden yellow foliage, double white flowers in June. 3-4 ft., each 50c, doz. \$5.00.

thunbergii. A splendid low growing shrub. Fine, delicate foliage, a mass of small white flowers in April and May. 2-3 ft., each 50c, doz. \$5.00; 3-4 ft., each 75c, doz. \$7.50.

vanhouttei. One of the very best of all shrubs. A complete fountain of pure white bloom in May and June. 2-3 ft., each 35c, doz. \$3.50; 3-4 ft., each 50c, doz. \$5.00; 4-5 ft., each 75c, doz. \$7.50.

HYDRANGEA PANICULATA GRANDIFLORA

Spiraea vanhouttei makes an ideal flowering hedge

WEIGELA EVA RATHKE

VIBURNUM STERILIS

SYMPHORICARPOS racemosus (Snowberry). A well known shrub blooming in June and July, followed by large milk white fruits which remain far into Winter. 2-3 ft., each 50c, doz. \$5.00; 3-4 ft., each 75c, doz. \$7.50.

chenaulti. New Chinese shrub with large red berries. 2-3 ft., each 50c, doz. \$5.00; 3-4 ft., each 75c, doz. \$7.50.

vulgaris (Indian Currant). Medium sized, graceful habit. Small foliage and flowers. bears small purple fruit which remains on plants in Winter. A splendid shrub for hedge and will stand a great deal of shade. 2-3 ft., each 35c, doz. \$3.50; 3-4 ft., each 50c, doz. \$5.00.

VIBURNUM carlesi. A new introduction from China. The flower beds are formed in Fall, developing in Spring into large corymbs of flowers, resembling a Bouvardia; of rosy white, exhaling a delicious perfume more powerful than the Jasmine. Hardy in this climate. 18-24 in., each \$1.00 and \$1.50.

dentatum (Arrowwood). Bright green, heart-shaped leaves turning to purple and red; flowers creamy white, in flat cymes. May and June. The fruits blue black. 3-4 ft., each 50c, doz. \$5.00.

Lantana (Wayfaringtree). White flowers, in May and June. Crimson fruit in Fall. 2-3 ft., each 50c, doz. \$5.00.

opulus (Highbush Cranberry). May and June. Spreading habit. Single white flowers borne in flat, imperfect clusters. Valued for the brilliant red berries that cling to the leafless branches during the early part of the Winter. 2-3 ft., each 50c, doz. \$5.00; 3-4 ft., each 75c, doz. \$7.50.

sterilis (Snowball). Guelder Rose, or old fashioned Snowball. 2-3 ft., each 50c, doz. \$5.00; 3-4 ft., each 75c, doz. \$7.50.

WEIGELA Eva Rathke. The most distinct and one of the most attractive varieties. Flowers deep carmine red. 2-3 ft., each 50c, doz. \$5.00; 3-4 ft., each 75c, doz. \$7.50.

rosea. A tall growing shrub, with deep pink flowers in the greatest profusion during June. 3-4 ft., each 50c, doz. \$5.00; 4-5 ft., each 75c, doz. \$7.50.

Dankers 1934 Collection of Outstanding Flower- ing Shrubs

2 Year. Strong specimen plants

- 1 Japanese Quince
- 1 Deutzia
- 1 Forsythia pumila
- 1 Hydrangea Hills of Snow
- 1 Hydrangea P. G.
- 1 Bush Honeysuckle
- 1 Beauty Bush
- 1 Mock Orange
- 1 Spirea Anthony Waterer
- 1 Spirea Van Houtte
- 1 Guelder Rose (*Viburnum sterilis*)
- 1 Weigela rosea

**12 Hardy Flowering Shrubs
for \$5.00**

*Flowering shrubs add color and charm throughout the season
to the correctly landscaped home*

Suggestions for Planting Evergreens, Trees or Shrubs

PREPARING THE HOLES

Dig the hole at least 1 foot wider than the root area of the tree it is to hold, and from a foot to 2 feet in depth, according to the root system. If the soil is poor, some sods, well rotted manure, old compost or bonemeal should be added and worked in thor-

oughly. If the soil at the bottom of the hole is a stiff, hard clay, shale, or a gravelly hard-pan, it should be picked and broken up to a depth of a foot or more and Prepared Humus or good soil mixed with it.

SETTING THE TREE

Before setting the tree, go over the root system carefully and with a sharp knife or pruning shears, cut off all the broken and bruised portions of the roots. This does not apply to specimen evergreens delivered with ball of earth, which should not be disturbed. The soil mark on the bark of the tree will show the depth at which it stood in the nursery; take good care when placing your tree in the hole that it comes at the same depth. *Do not plant too deep.* Spread the roots out naturally so that they may not be twisted or crowded, then fill in gradually with fine soil, working it in between the roots, so that no unfilled places may be

left. Fill the soil in, layer by layer, and shake the tree while doing so, to assist the soil to work in between the roots. Tamp the soil down carefully, but firmly after each layer has been filled in. Continue this process until the hole is filled to within about 2 inches of the top, then the remainder of the soil should be shoveled in, leveled up and brought to the surface without tamping. *Do not hill the dirt up around the tree.*

In dry weather, a liberal allowance of water may be used before filling in the last soil and allowed to soak away gradually, after which the filling may be done as described above.

MULCHING

The importance of mulching, especially in dry seasons, should not be overlooked, its object being to hold moisture about the roots and thus aid in the successful growth of the tree. Spread some coarse manure or compost over the surface around the tree,

extending a little beyond the line of the hole. It is always advisable to mulch your evergreens in the Fall, especially those newly planted.
